

Our Travel Safe Strategy has been designed to ensure a safe and healthy experience for our travellers – from pre-voyage travel to during your Antarctic expedition on board the Ocean Endeavour. We have implemented a range of protocols that reflect the best management of health, safety and hygiene to ensure the safety of our travellers, staff and crew.

## Pre-travel requirements

### ✓ Vaccinations

COVID-19 vaccination is mandatory, and an up-to-date influenza vaccine is strongly recommended. ^Some travellers may be eligible for a COVID-19 vaccine exemption. Please discuss this with your booking agent.

### ✓ Travel insurance

Minimum requirement of USD250,000 coverage for medical expenses, evacuation (including ship to shore transfer) and/ or emergency repatriation, that covers all pre-existing medical conditions as well as COVID-19.

## Safe travel to the vessel

We recommend these safe travel practices to minimise your exposure to illness before boarding the Ocean Endeavour

### Masks

Wear a mask (N95) while in transit.

### Hand Hygiene

Ensure you regularly wash or sanitise your hands whilst travelling.

### Social distancing

Practice social distancing and avoid large crowds whenever possible while transiting

## Pre-embarkation health screening

On arrival at your hotel (Day 1), all travellers are required to complete a pre-embarkation health screening. Travellers displaying gastrointestinal or respiratory symptoms will be required to see our Expedition Doctor on embarkation and may be required to undergo a COVID-19 test. A positive COVID-19 test will not prevent boarding. (^ unless government restrictions or global health advice changes).

### COVID-19 protection if you cannot join your cruise\*

- If you test positive to COVID-19 within 14 days of embarkation and cannot travel due to Government-imposed travel restrictions, we'll offer you a 100% travel credit for a future voyage.
- You must provide us with a medical certificate or pathology PCR confirming positive COVID-19 result, as well evidence from the Governmental authority that your infection precludes you from travel.

\*COVID-19 Protection is effective from 01 June 2023 and is included for all travellers booked prior or after this date. Any third-party expenses (land arrangements, flights etc) are excluded. 100% credit is the price you paid for your berth plus any prepaid adventure options and prepaid ship onboard credits. Can be used on any Ocean Endeavour Antarctica voyage, travelling by March 2025. Travel credits are non-transferable and not redeemable for cash. Policy is subject to change.
