# ANTARCTICA ECLIPSE FLIGHT

## *The only flight from Australia*

**Join us on this very unique experience, the only flight from Australia, where we will fly into the path of totality and will position the plane for our lucky travellers to experience this natural and rare phenomenon – a total solar eclipse.**

This eclipse is only visible from the very remote path accessible only by lengthy cruises or flights from South America, and you will be one of the few passengers who will view the eclipse from 40,000 ft, above the clouds that may hinder those viewing from the earth.

Prior to the eclipse, you will enjoy a sightseeing flight over Antarctica which provides the opportunity to experience the Great White Continent in a single day from a unique perspective. Flying over the continent, these flights offer passengers a greater appreciation of Antarctica's sheer size and scale.

You will travel approximately 16 hours with a team of Antarctica experts from Chimu Adventures, who will be on board to explain the continent's landscapes and history as you fly over Antarctica. Over the years, we have assembled one of Australia's largest and most experienced Antarctica teams, we utilise the experience and knowledge of our staff to provide a fantastic experience for our clients.

For this flight we will spend 3 – 4 hours flying over the Antarctic continent and Ross Sea area and attempt to reduce the flying altitude to approximately 20,000 feet to give improved viewing of some areas.

Before we return we will climb to 40,000 ft to enter the path of totality, where, for a few minutes, both sides of the plane will be able to witness the Moon's shadow cast upon the earth. The left side will uniquely be able to witness the totally eclipsed Sun, along with the shadow that will also be visible from the right hand side.

We will also have astronomy experts on board to explain the events happening outside the window and, being above the clouds, we look forward to an unobstructed view of the event.

On all departures, we carefully consider a number of factors, including weather, cloud cover and ice conditions to help provide you the best viewing experience on the day. In this case, we will be limited with our choices as we position the plane into the path of totality, but look forward to some breathtaking scenes of Antarctica as we navigate our way around terrestrial and celestial wonders.

# ANTARCTICA ECLIPSE FLIGHT

## Seating Structure

As this is a very unique flight, we have divided the plane into **viewing zones**. The flight will fly from Melbourne over Antarctica for a sightseeing flight to see the frozen landscapes from the air. Halfway through the flight there will be a seat swap so everyone gets a chance to have access to a window.

The viewing zones are as follows:

### ECLIPSE TOTALITY VIEW ZONE

Sitting on the left hand side of the plane (after the seat swap) you will experience a clear window view to the total solar eclipse.

**Must be booked in pairs.**

Please see seat map on page 6 & 7 for seat swap configuration

### ECLIPSE TOTALITY VIEW ZONE ROW

You can purchase a row so there will be no seat swap, but these must be booked as:

Economy – 4 seats in a row

Premium Economy – 3 seats in a row

Business Class – 2 seats in a row

### ECLIPSE SHADOW VIEW ZONE

These seats are located on the right hand side of the plane (after the seat swap) which will give you a view of the shadow cast by the moon, which is spectacular in itself.

**Must be booked in pairs.**

Please see seat map on page 6 & 7 for seat swap configuration

### ANTARCTICA FLIGHT

These seats will be the first to enjoy a sightseeing flight over Antarctica. Then after the seat swap will not have access to a window during the solar eclipse.

Please see seat map on page 6 & 7 for seat swap configuration
