

## INTRODUCTION

This extended expedition encompasses the wildlife paradise of South Georgia, the remote Falkland Islands (Islas Malvinas), as well as the extraordinary beauty of the Antarctic Peninsula. You'll experience a great diversity of environments and landscapes, which will provide unprecedented wildlife viewing opportunities. Join us for the quintessential Antarctic experience for polar travelers!

## ITINERARY

### DAY 1: Arrival in Ushuaia

Your gateway for this expedition is Ushuaia, Argentina. Nestled within the Tierra del Fuego archipelago, Ushuaia has a small-town feel yet boasts many shops, museums, cafés and restaurants that you can enjoy before your voyage. If you're feeling adventurous, the nearby national park and Martial Glacier offer plenty of outdoor activities, such as hiking.

### TRIP CODE

ACTSFS19

### DEPARTURE

14/11/2021, 14/11/2022

### DURATION

20 Days

### LOCATIONS

Antarctic Peninsula,  
Falkland Islands, South  
Georgia

# ANTARCTICA - FALKLANDS, SOUTH GEORGIA & ANTARCTICA

## DAY 2: Embarkation in Ushuaia

As you embark, the anticipation grows. Trade your land legs for sea legs, meet and greet your fellow travelers and get acquainted with your ship. Since every Antarctic adventure presents new opportunities and experiences, embarkation day is just as exciting for your Expedition Team as it is for you. On board to ensure your comfort and safety, your team will also help make your wildlife dreams come true.

## DAY 3: At Sea

There are many activities to keep you engaged while we're at sea.

## DAY 4: Falkland Islands - Days 4 & 5

Upon arrival in this archipelago your cameras will get their first real workout capturing the abundant wildlife and rugged feel of the Falklands.

## DAY 6: At Sea - Days 6 & 7

Sailing south, you'll officially enter Antarctic waters by crossing the invisible biological boundary called the Antarctic Convergence.

### DURATION

20 Days

### LOCATIONS

Antarctic Peninsula,  
Falkland Islands, South  
Georgia

# ANTARCTICA - FALKLANDS, SOUTH GEORGIA & ANTARCTICA

## DAY 8: South Georgia - Days 8 to 11

This remote outpost was a popular stop for many historic Antarctic expeditions and was once a haven for hunting whales and elephant and fur seals. Today, island wildlife populations have rebounded, but you'll still see remnants of old whaling stations and other abandoned outposts.

## DAY 12: At Sea - Days 12 & 13

Say goodbye to the king penguins, as your next destination is Antarctica!

## DAY 14: South Shetland Islands - Day 14 to 17

The most common reaction upon reaching the White Continent is a sense of reverence and awe. The experience is hard to put into words, since few places are as untouched, unique and enduring as Antarctica.

## DAY 18: Crossing the Drake Passage - Days 18 & 19

After more than two weeks of endless wildlife encounters, your journey home begins. Crossing the Drake Passage is your unofficial rite of passage, completing your Antarctic adventure.

## SUSTAINABILITY

### GUIDANCE FOR VISITORS TO THE ANTARCTIC

RECOMMENDATION XVIII-1, ADOPTED AT THE ANTARCTIC TREATY MEETING, KYOTO, 1994

Activities in the Antarctic are governed by the Antarctic Treaty of 1959 and associated agreements, referred to collectively as the Antarctic Treaty System. The Treaty established Antarctica as a zone of peace and science.

In 1991, the Antarctic Treaty Consultative Parties adopted the Protocol on Environmental Protection to the Antarctic Treaty, which designates the Antarctic as a natural reserve. The Protocol sets out environmental principles, procedures and obligations for the comprehensive protection of the Antarctic environment, and its dependent and associated ecosystems. The Consultative Parties have agreed that as far as possible and in accordance with their legal system, the provisions of the Protocol should be applied as appropriate. The Environmental Protocol was ratified in January 1998.

The Environmental Protocol applies to tourism and non-governmental activities, as well as governmental activities in the Antarctic Treaty Area. It is intended to ensure that these activities, do not have adverse impacts on the Antarctic environment, or on its scientific and aesthetic values.

This Guidance for Visitors to the Antarctic is intended to ensure that all visitors are aware of, and are therefore able to comply with, the Treaty and the Protocol. Visitors are, of course, bound by national laws and regulations applicable to activities in the Antarctic.

### PROTECT ANTARCTIC WILDLIFE

Taking or harmful interference with Antarctic wildlife is prohibited except in accordance with a permit issued by a national authority.

Do not use aircraft, vessels, small boats, or other means of transport in ways that disturb wildlife, either at sea or on land.

Do not feed, touch, or handle birds or seals, or approach or photograph them in ways that cause them to alter their behavior. Special care is needed when animals are breeding or molting.

Do not damage plants, for example by walking, driving, or landing on extensive moss beds or lichen-covered scree slopes.

Do not use guns or explosives. Keep noise to the minimum to avoid frightening wildlife.

Do not bring non-native plants or animals into the Antarctic, such as live poultry, pet dogs and cats, or house plants.

### RESPECT PROTECTED AREAS

A variety of areas in the Antarctic have been afforded special protection because of their particular ecological, scientific, historic, or other values. Entry into certain areas may be prohibited except in accordance with a permit issued by an appropriate national authority.

#### TRIP CODE

ACTSFS19

#### DEPARTURE

14/11/2021, 14/11/2022

#### DURATION

20 Days

#### LOCATIONS

Antarctic Peninsula,  
Falkland Islands, South  
Georgia

# ANTARCTICA - FALKLANDS, SOUTH GEORGIA & ANTARCTICA

Activities in and near designated Historic Sites and Monuments and certain other areas may be subject to special restrictions.

Know the locations of areas that have been afforded special protection and any restrictions regarding entry and activities that can be carried out in and near them. Observe applicable restrictions.

Do not damage, remove, or destroy Historic Sites or Monuments or any artifacts associated with them.

## RESPECT SCIENTIFIC RESEARCH

Do not interfere with scientific research, facilities or equipment.

Obtain permission before visiting Antarctic science and support facilities; reconfirm arrangements 24-72 hours before arrival; and comply with the rules regarding such visits. Do not interfere with, or remove, scientific equipment or marker posts, and do not disturb experimental study sites, field camps, or supplies.

## BE SAFE

Be prepared for severe and changeable weather and ensure that your equipment and clothing meet Antarctic standards. Remember that the Antarctic environment is inhospitable, unpredictable, and potentially dangerous.

Know your capabilities and the dangers posed by the Antarctic environment, and act accordingly. Plan activities with safety in mind at all times.

Keep a safe distance from all wildlife, both on land and at sea.

Take note of, and act on, the advice and instructions from your leaders; do not stray from your group.

Do not walk onto glaciers or large snow fields without the proper equipment and experience; there is a real danger of falling into hidden crevasses.

Do not expect a rescue service. Self-sufficiency is increased and risks reduced by sound planning, quality equipment, and trained personnel.

Do not enter emergency refuges (except in emergencies). If you use equipment or food from a refuge, inform the nearest research station or national authority once the emergency is over.

Respect any smoking restrictions, particularly around buildings, and take great care to safeguard against the danger of fire. This is a real hazard in the dry environment of Antarctica.

## KEEP ANTARCTICA PRISTINE

Antarctica remains relatively pristine, the largest wilderness area on Earth. It has not yet been subjected to large-scale human perturbations. Please keep it that way.

Do not dispose of litter or garbage on land. Open burning is prohibited.

Do not disturb or pollute lakes or streams. Any materials discarded at sea must be disposed of properly.

Do not paint or engrave names or graffiti on rocks or buildings.

Do not collect or take away biological or geological specimens or man-made artifacts as a souvenir, including rocks, bones, eggs, fossils, and parts or contents of buildings.

Do not deface or vandalize buildings or emergency refuges, whether occupied, abandoned, or unoccupied.
