

INTRODUCTION

Imagine standing at the top of the Earth, glass of champagne in hand and everywhere you look is south. That is the essence of the 14-day North Pole: The Ultimate Arctic Adventure aboard 50 Years of Victory, the most powerful nuclear icebreaker in the world. Crush through multiyear ice on the Arctic Ocean, sightsee by helicopter on the lookout for walrus, seals, whales, and polar bears, or take a tethered hot-air balloon ride at 90° N, weather permitting. Possible stops at the island of Franz Josef Land will have you in awe of the flora and fauna as you visit seabird colonies and retrace the footsteps of early explorers.

ITINERARY

DAY 1: Helsinki, Finland

Your Arctic adventure begins in Helsinki, renowned for its extraordinary architecture and design scene and intriguing mix of eastern and western influences. If you arrive early, explore the many museums, galleries and restaurants, relax at a Finnish sauna or wander the vibrant Design District before retiring at your included hotel. Your cruise package includes a pre voyage night in Helsinki as well as a charter flight service the following day to Murmansk, Russia.

DAY 2: Embarkation Day in Murmansk

From Helsinki, you'll join your fellow passengers on the charter flight to Murmansk, Russia, where you'll embark on your voyage to the North Pole.

DAY 3: Northbound in the Arctic Ocean - Day 3 to 6

Being on board Victory and feeling the icebreaker as it crushes through the arctic pack ice is an experience you'll never forget. Just as memorable is boarding the ship's helicopter for a thrilling aerial view over the ship and the expansive Arctic Ocean.

DAY 7: 90° North

All the anticipation of the prior days reaches a climax as you reach the North Pole!

DAY 8: Southbound in the Arctic Ocean

On our return voyage you can sit back and relax. As you head farther south you may get lucky and spot polar bears hunting for seals.

DAY 9: Franz Josef Land and the Arctic Ocean - Day 9 & 10

This group of 191 islands forms the most northerly archipelago in Eurasia and lies entirely within the Arctic Circle. Here, you'll explore Cape Flora and discover historic remains from three ill-fated arctic expeditions.

DAY 11: Southbound at Sea - Day 11 & 12

Enjoy your time on deck or reminisce with your shipmates and new friends as you cross the Arctic Ocean back to Murmansk.

DAY 13: Disembarkation in Murmansk

Returning to Russia's most northerly city, it will be time to bid farewell to your ship, 50 Years of Victory. You will then board your return charter flight to Helsinki.

DAY 14: Helsinki, Finland

Spend some extra time exploring Helsinki, Tallinn (the capital of Estonia) and Saint Petersburg.

INCLUSIONS & DETAILS

Accommodation

Standard

Shipboard accommodation with daily housekeeping
 All breakfasts, lunches, dinners and snacks on board
 All shore landings per the daily program
 Leadership throughout the voyage by our experienced Expedition Leader
 All Zodiac transfers and cruising per the daily program
 Formal and informal presentations by our Expedition Team and special guests as scheduled
 Photographic journal documenting the expedition
 Waterproof expedition boots on loan for shore landings
 Official Quark Expeditions parka to keep
 Coffee, tea and cocoa available around the clock
 A selection of alcoholic and non-alcoholic beverages
 Hair dryer and bathrobe in every cabin
 Comprehensive predeparture materials, including a map and an informative Arctic Reader
 All miscellaneous service taxes and port charges throughout the program
 All luggage handling aboard the ship
 Emergency evacuation insurance to a maximum benefit of US\$100,000 per person
 Russian invitation letter for visa application provided after final payment
 Group helicopter flightseeing as part of the daily program

Inclusions

Exclusions:

Mandatory transfer package
 International airfare
 Helicopter flying time in excess of that offered for the group
 Passport and visa expenses
 Government arrival and departure taxes not mentioned above
 Meals ashore unless otherwise specified
 Baggage, cancellation, interruption and medical travel insurance—strongly recommended
 Excess baggage fees on international flights
 Laundry, bar, beverage and other personal charges unless specified
 Phone and internet charges
 Voluntary gratuity at the end of the voyage for shipboard staff and crew
 Additional overnight accommodations
 Hot air ballooning at the North Pole

Difficulty Rating	2 (light adventure)
Single Surcharge	Available upon request
Notes	Contact us for more details
Price Dependent upon	Season and availability

SUSTAINABILITY

GUIDANCE FOR VISITORS TO THE ANTARCTIC

RECOMMENDATION XVIII-1, ADOPTED AT THE ANTARCTIC TREATY MEETING, KYOTO, 1994

Activities in the Antarctic are governed by the Antarctic Treaty of 1959 and associated agreements, referred to collectively as the Antarctic Treaty System. The Treaty established Antarctica as a zone of peace and science.

In 1991, the Antarctic Treaty Consultative Parties adopted the Protocol on Environmental Protection to the Antarctic Treaty, which designates the Antarctic as a natural reserve. The Protocol sets out environmental principles, procedures and obligations for the comprehensive protection of the Antarctic environment, and its dependent and associated ecosystems. The Consultative Parties have agreed that as far as possible and in accordance with their legal system, the provisions of the Protocol should be applied as appropriate. The Environmental Protocol was ratified in January 1998.

The Environmental Protocol applies to tourism and non-governmental activities, as well as governmental activities in the Antarctic Treaty Area. It is intended to ensure that these activities, do not have adverse impacts on the Antarctic environment, or on its scientific and aesthetic values.

This Guidance for Visitors to the Antarctic is intended to ensure that all visitors are aware of, and are therefore able to comply with, the Treaty and the Protocol. Visitors are, of course, bound by national laws and regulations applicable to activities in the Antarctic.

PROTECT ANTARCTIC WILDLIFE

Taking or harmful interference with Antarctic wildlife is prohibited except in accordance with a permit issued by a national authority.

Do not use aircraft, vessels, small boats, or other means of transport in ways that disturb wildlife, either at sea or on land.

Do not feed, touch, or handle birds or seals, or approach or photograph them in ways that cause them to alter their behavior. Special care is needed when animals are breeding or molting.

Do not damage plants, for example by walking, driving, or landing on extensive moss beds or lichen-covered scree slopes.

Do not use guns or explosives. Keep noise to the minimum to avoid frightening wildlife.

Do not bring non-native plants or animals into the Antarctic, such as live poultry, pet dogs and cats, or house plants.

RESPECT PROTECTED AREAS

A variety of areas in the Antarctic have been afforded special protection because of their particular ecological, scientific, historic, or other values. Entry into certain areas may be prohibited except in accordance with a permit issued by an appropriate national authority.

Activities in and near designated Historic Sites and Monuments and certain other areas

may be subject to special restrictions.

Know the locations of areas that have been afforded special protection and any restrictions regarding entry and activities that can be carried out in and near them. Observe applicable restrictions.

Do not damage, remove, or destroy Historic Sites or Monuments or any artifacts associated with them.

RESPECT SCIENTIFIC RESEARCH

Do not interfere with scientific research, facilities or equipment.

Obtain permission before visiting Antarctic science and support facilities; reconfirm arrangements 24-72 hours before arrival; and comply with the rules regarding such visits. Do not interfere with, or remove, scientific equipment or marker posts, and do not disturb experimental study sites, field camps, or supplies.

BE SAFE

Be prepared for severe and changeable weather and ensure that your equipment and clothing meet Antarctic standards. Remember that the Antarctic environment is inhospitable, unpredictable, and potentially dangerous.

Know your capabilities and the dangers posed by the Antarctic environment, and act accordingly. Plan activities with safety in mind at all times.

Keep a safe distance from all wildlife, both on land and at sea.

Take note of, and act on, the advice and instructions from your leaders; do not stray from your group.

Do not walk onto glaciers or large snow fields without the proper equipment and experience; there is a real danger of falling into hidden crevasses.

Do not expect a rescue service. Self-sufficiency is increased and risks reduced by sound planning, quality equipment, and trained personnel.

Do not enter emergency refuges (except in emergencies). If you use equipment or food from a refuge, inform the nearest research station or national authority once the emergency is over.

Respect any smoking restrictions, particularly around buildings, and take great care to safeguard against the danger of fire. This is a real hazard in the dry environment of Antarctica.

KEEP ANTARCTICA PRISTINE

Antarctica remains relatively pristine, the largest wilderness area on Earth. It has not yet been subjected to large-scale human perturbations. Please keep it that way.

Do not dispose of litter or garbage on land. Open burning is prohibited.

Do not disturb or pollute lakes or streams. Any materials discarded at sea must be disposed of properly.

Do not paint or engrave names or graffiti on rocks or buildings.

Do not collect or take away biological or geological specimens or man-made artifacts as a souvenir, including rocks, bones, eggs, fossils, and parts or contents of buildings.

Do not deface or vandalize buildings or emergency refuges, whether occupied, abandoned, or unoccupied.
