

## ARGENTINA - DISCOVER IGUAZU

### INTRODUCTION

In Portuguese, it is 'Iguaçu'; in Spanish it is 'Iguazú' either way, the name conjures up spectacular images of vast amounts of water cascading through virgin rainforest. Fittingly for the meeting point of the two giants of South America, Argentina and Brazil, this waterfall system is one of superlatives: made up of 275 separate falls, with up to 1,500 cubic metres of water dropping every second, and situated in two UNESCO World Heritage-designated National Parks, it dwarfs Niagara Falls and is rivalled only by Victoria Falls statistically and visually. Undoubtedly, one of the must-see destinations in the World.

## ARGENTINA - DISCOVER IGUAZU

### DAY 1: Iguazu Falls

The spectacular Iguazu Falls that straddle the Argentine-Brazil border, are made up of 275 individual waterfalls lining a 2.7km wide horseshoe-shaped gorge. The Falls are located where the Iguazu River cascades over the edge of the Paraná Plateau. The Falls can be viewed from both the Argentinian and the Brazilian sides, the Brazilian side offering a broader, panoramic view, with the Argentinian side offering a series of catwalks that allow you to experience the Falls from close range.

### DAY 2: Full Day Iguazu Argentinian Falls Tour

Early morning pick up from your hotel for your full day of exploring the Argentine side of the falls. This tour always starts early in order to beat the crowds and get the first train to the Devil's Throat. There are walkways over the islands which take you to a balcony over the falls and the most spectacular view of the entire Devil's Gorge. You will then have plenty of time to walk the 800 metres of paths on the upper circuit. These new suspended walkways are detached from the jungle surface so as to protect the fauna by preventing disruption of the natural trails. From this circuit you have a higher sight of the falls, providing you with a magnificent panoramic view. It takes around one hour to cover the upper circuit. The lower circuit contains 600 metres of walkways, also detached from the jungle floor, and has great views from below and around the falls. Once you have finished all the circuits, return to the visitor centre where your vehicles will be waiting to transfer you back to your hotel. Please note there is some degree of difficulty as the path includes many stairs, particularly on the lower circuit. On completion of the tour, you will be taken to your hotel. Please note this is small group tour and National Park Entrance Fee is included.

## SUSTAINABILITY

Chimu Adventures undertakes a number of sustainability measures within its operations including:

## ARGENTINA - DISCOVER IGUAZU

- 1) Only using local guides and office staff to both maximise local employment opportunities and minimise carbon footprints. Local guides also ensure you benefit from the intimate knowledge, passion and culture of the country you're visiting.
- 2) Where possible, using locally owned and operated boutique hotels to maximise the return to the local community.
- 3) Chimu's "Pass it on" programme has provided funding to hundreds of local community projects in Latin America. Our aim is to empower local communities, helping them to develop their own infrastructure for the future. Since 2006, we have been working with Kiva (a well-known Non-Governmental Organisation), providing hundreds of loans to local businesses all over South America.
- 4) In our pre tour information we provide a range of tips and advice on how to minimise your impact on both local environments and communities.
- 5) Chimu Adventures' offices also take a number of sustainability measures including carbon offsets for company vehicles and most staff travel. Chimu Adventure's internal processes are also structured to create a paperless office and to reduce waste. There are also internal programmes to help staff minimise their carbon footprint such as our staff bike purchase assistance plan which encourages office staff to commute to work via bicycle. Currently almost half of our office based staff commute to work via bicycle.
