INTRODUCTION

Experience some of the finest sights of Bolivia with a compact 7 day tour, including it's exuberant capital La Paz and the neighbouring Moon Valley, the true wonder of Lake Titicaca, and an essential visit to the Uyuni Salt Flats.

The unworldly Uyuni Salt Flats in Bolivia are the largest on earth, comprising miles and miles of dazzling white nothingness. Active volcanoes, hot springs and a palette of colour-splashed lakes populated by hardy flamingos punctuate these landscapes of blindingly bright salt plains and stunning desert. The noise of silence makes the heart beat faster and the surreal pentagons of crystalline salt will make you feel that there is no place like this in the whole world. What better way to experience the stunning beauty of this unique place, than in a highly innovative, modern and fully equipped airstream camper, frequently used by NASA to transport astronauts to launch pads.
