## INTRODUCTION

This alternative highlights tour explores some of the lesser-visited cultural centres and the exquisite island paradise Fernando de Noronha and picture perfect Pipa. The holiday starts in the iconic Rio de Janeiro, possibly one of the most beautiful and exciting cities in the world. After a few days enjoying all Rio has to offer, fly up to the vibrant Salvador de Bahia with its unique African culture. Spend a few days exploring the cobbled streets and taking in the music and street performances. Continue north to the pretty and little visited colonial town of Olinda. The historic centre is a UNESCO world heritage site and a joy to explore. From here fly to small archipelago of Fernando de Noronha believed by many Brazilians to be heaven on earth. The marine reserve is home to one of the world's best diving spots with an incredible array of turtles, sharks, stingrays, dolphins and tropical fish. Returning to the mainland you travel to Praia de Pipa, which is possibly the most unspoiled and beautiful beaches in Brazil. ## SUSTAINABILITY

Chimu Adventures undertakes a number of sustainability measures within its operations including:

- 1) Only using local guides and office staff to both maximise local employment opportunities and minimise carbon footprints. Local guides also ensure you benefit from the intimate knowledge, passion and culture of the country you’re visiting.
- 2) Where possible, using locally owned and operated boutique hotels to maximise the return to the local community.
- 3) Chimu’s “Pass it on” programme has provided funding to hundreds of local community projects in Latin America. Our aim is to empower local communities, helping them to develop their own infrastructure for the future. Since 2006, we have been working with Kiva (a well-known Non-Governmental Organisation), providing hundreds of loans to local businesses all over South America.
- 4) In our pre tour information we provide a range of tips and advice on how to minimise your impact on both local environments and communities.
- 5) Chimu Adventures’ offices also take a number of sustainability measures including carbon offsets for company vehicles and most staff travel. Chimu Adventure’s internal processes are also structures to create a paperless office and to reduce waste. There are also internal programmes to help staff minimise their carbon footprint such as our staff bike purchase assistance plan which encourages office staff to commute to work via bicycle. Currently almost half of our office based staff commute to work via bicycle.
