

CHILE - TIERRA PATAGONIA EXTENSION

INTRODUCTION

Tierra Patagonia Hotel & Spa sits on a bluff where the South American pampa meets Lake Sarmiento. The building is immersed in the landscape and emerges from the hillside. The award winning architecture complements the flow of the geology in this privileged location and showcases the magnificent views of the Torres del Paine National Park, declared a UNESCO Biosphere Reserve in 1978.

Inside, wood clad walls emanate warmth, safety and protection â a cozy hideaway after a day spent discovering the amazing Patagonian outdoors. The essence of the interior decoration mirrors the design of our sister hotel, Tierra Atacama and here, as there, furnishings and textiles were hand made by Chilean craftspeople, using natural materials from the region, high quality workmanship and inspiration from the surrounding estancias as well as the influence of the native Tehuelche people. The ambience of Tierra Patagonia is casual and friendly, the different spaces created by the designers mean that guests can mingle and get to know one another or find a quiet corner to relax and get away from it all.

Highlights Include:

Scenic Voyages: Witness as much of Patagonia as possible on these incredible voyages. Sail through the ice floes of the Grey Glacier or enjoy the remoteness of the mostly unexplored Sierra Baguales Valley.

Horse Riding: Whether beginner or expert, ride out to the beauty of untamed Patagonia on these incredible native horses. Meet authentic Baqueanos - Patagonian Cowboys - Discover panoramic views of mountain vistas and scenic lakes.

Special Interest: Whether its bird watching in Torres del Paine , witnessing the remnants of Aonikenk culture through cave paintings or enjoying fishing options or studying geological rock formations at Lake Sarmiento. These unique experiences truly

SUSTAINABILITY

Being environmentally accountable is a crucial part of our organisation. Chimu is currently striving towards using less paper, taking several initiatives to do so and tracking our progress along the way. Our goal: A paperless organisation. For this reason, all information given to you will be sent electronically. We encourage those who choose to travel with us to support our aspirations and actions and ask that you reconsider printing out documentation. To view these documents, you can download them to your iPad or portable computer before and during your trip.

Chimu is passionate and dedicated to sustainability measures and understands the crucial part sustainability plays within the tourism industry.

We use local guides and office staff to both maximise local employment opportunities and minimise carbon footprint. Local guides also ensure you benefit from the intimate knowledge, passion and culture of the country you're visiting. Our guides are all highly qualified (most with university degrees) or equip with many years of experience and are paid above the standard wage. Whether it be our knowledgeable local guides, locally produced meals or the transport on tour, we do not use imported goods when local

products are available. We aim to minimise our impact on the environment and give as much back as possible to the communities we work in.

While visiting the many national parks, heritage sites, museums and landmarks our travellers are encouraged to explore whilst remaining culturally aware and sensitive. We further encourage you to buy appropriate souvenirs and discourage the buying of anything wrongfully made or taken from the environment i.e. shells and endangered species products. Information on how you can be environmentally conscious, and travel responsibly will be made available in our Travellers Guides and provided during your travels by guides and staff.
