## DAY 1: San Jose

San Jose, the capital and largest city of Costa Rica, sits in the Central Valley region overlooked by volcanoes to the north and the Talamanca Mountains to the south. It is the cultural capital of Costa Rica, offering many museums including the Pre-Columbian Gold Museum that displays hundreds of gold artefacts. In the historic neighbourhoods of San Jose, Spanish colonial mansions have been converted into galleries, boutique hotels and restaurants.

## DAY 2: Arrival to Tortuguero

Early pick up from your hotel. Admire the biodiversity of this astonishing protected area of Costa Rica as the bus drives through Braulio Carrillo National Park. Stop en route to have a delicious typical breakfast. Along the road you can observe many different kinds of products grown in this area such as pineapples and bananas. Board a comfortable boat on arrival at the pier and let this extraordinary exotic paradise enchant you as you travel through the Tortuguero canals. Enjoy a refreshing cocktail and a delicious lunch as you arrive at the lodge. After lunch visit the picturesque town, the green turtle information centre and the beach area. Dinner will be served at 7pm. From July to September: Optional night tour (not included in the package) to observe the turtles nesting.

## DAY 3: Tortuguero

After breakfast take a guided walking tour through the trails followed by free time before lunch. In the afternoon visit the Tortuguero National Park, exploring the canals in small, open boats to allow better visibility. Tortuguero is a network of navigable lakes, rivers and canals (both natural and man-made) that are used for transportation and are a great place for observing local wildlife such as birds, monkeys, two and three-toed sloths, American crocodiles and caimans. The canals also provide shelter to endangered animals such as the Oriental Indian Manatee, a large variety of crustaceans and about 30 species of fish, including the Gaspar, considered a living fossil. ## DAY 6: Arenal

Arenal Volcano is one of Costa Rica's most notable natural features, with its picture perfect conical shape rising to 1,657m. It lies within the Arenal Volcano National Park in the northern lowlands region of the country. Since a major eruption in 1968, this volcano has been one of the most active in Costa Rica with mild, nearly continuous activity from its conical crater. Lava flows and clouds of smoke or ash can often be seen from the El Mirador viewpoint and there are hot springs in the area where you can relax in the mineral-rich pools of the natural geothermal river.

## DAY 7: Arenal

Breakfast at the hotel. Morning tour to the Hanging Bridges, one of the greatest eco touristic projects of Costa Rica with the exuberant primary rainforest where you will find a great biological diversity with an incomparable scenic splendour. During the afternoon you'll hike through the secondary rainforest around the Arenal Volcano National Park, the site of the 1968 eruption that awoke this previously dormant volcano. After exploring the national park you will go to the Tabacon Hot Springs for an evening of relaxation.

## DAY 8: Monteverde

After breakfast at the hotel, you will take a shuttle transfer to Monteverde via Arenal Lake. On arrival, check into your hotel and the remainder of the day is then free at leisure. Monteverde is a Quaker settlement in the mountainous northwest of Costa Rica. Nearby, the stunningly beautiful Monteverde Cloud Forest Reserve houses 2.5% of the world's biodiversity and is home to thousands of species of plants and animals including jaguars and ocelots as well as over 400 species of birds, including the colourful resplendent quetzal. ## SUSTAINABILITY

Chimu Adventures undertakes a number of sustainability measures within its operations including:

- 1) Only using local guides and office staff to both maximise local employment opportunities and minimise carbon footprints. Local guides also ensure you benefit from the intimate knowledge, passion and culture of the country you're visiting.
- 2) Where possible, using locally owned and operated boutique hotels to maximise the return to the local community.
- 3) Chimu's "Pass it on" programme has provided funding to hundreds of local community projects in Latin America. Our aim is to empower local communities, helping them to develop their own infrastructure for the future. Since 2006, we have been working with Kiva (a well-known Non-Governmental Organisation), providing hundreds of loans to local businesses all over South America.
