DAY 1: Quito

Bienvenidos! Welcome to Quito, Ecuador. Your adventure begins with a welcome meeting at 2 pm. Please look for a note in the hotel lobby or ask reception where it will take place. If you can't arrange a flight that will arrive in time, you may wish to arrive a day early so you're able to attend. We'll be happy to book additional accommodation for you (subject to availability). If you're going to be late, please inform the hotel reception. We'll be collecting your insurance details and next of kin information at this meeting, so please ensure you have all these details to provide to your leader. Quito is one of the most attractive cities in South America, sitting at an altitude of 2,850 metres with a view of Volcan Pichincha on the horizon. On day 1 there is a city tour to show the beautiful Colonial style buildings and help you explore the nooks and crannies of cosy Old Town. We'll be back in Quito at the end of the trip, giving you a chance to further experience the city. Notes: Due to the high altitude of many of places we visit, the air is thinner and some people can suffer altitude sickness, regardless of age, gender or fitness. Please see the 'Is This Trip Right For You?' and 'Health' sections in the trip notes for more information.

DAY 3: Isla San Cristobal, Galapagos

Today begins with a short boat ride to Leon Dormido (approx 45 mins) or Isla Lobos, observing along the way the abundant marine life that Galapagos is renowned for. On the way we might be able to spot nesting frigates and blue-footed boobies and/or might swim/snorkel with playful young sea lions. Here we can snorkel keeping an eye out below for sea turtles, manta rays and maybe the odd harmless Galapagos shark, to name a few. This snorkeling is in open sea, on occasion the currents can be quite strong so it's particularly important you are a confident swimmer for this activity. If you have any concerns, please ensure you speak with your leader. Included lunch today is a packed box lunch on board the boat! Unfortunately it is against National Park rules to eat on the beach. Later head we will head to the interpretation Center. Learn about the history of the 'Enchanted Islands' and the conservation projects which seek to preserve the unique Galapagos wildlife. Next, make our way to Frigatebird Hill (Cerro Tijeretas), which is located two kilometres from the Interpretation Center, southwest of Isla San Cristobal. It's quite a climb to the top, but well worth the amazing views of the bay. From here you can also see Kicker Rock, an eroded volcanic formation protruding from the sea which has become an emblem of the island. We'll return to town in the late afternoon/early evening.

DAY 4: Isla Floreana / Isla Isabela, Galapagos

Take an early morning boat ride today towards Floreana Island, which should take about 2.5 hours. Along the way keep your eyes peeled for wildlife such as dolphins and whales. On arrival to the island, snorkel in the clear blue waters and then break for lunch. Afterwards venture to a black sand beach which belongs to the Witmers, decedents of some of the first settlers on the Galapagos. The town here, Puerto Velasco Ibarra, has about 150 residents and an intriguing history involving deaths, disappearances and murders. Later in the afternoon, wave goodbye to Floreana and continue to Isabela Island (approximately 2 hours) From Isabela Port it's a short transfer to the hotel where we will spend the night (approximately 15 minutes)

DAY 5: Isla Isabela, Galapagos

Start your second day on Isla Isabela with a short bus ride (approximately 15 minutes) to the Giant Tortoise Breeding Centre where you'll observe giant tortoises in all stages of development. The centre has almost a thousand giant tortoises training for life on their own. After your visit make your way to a brackish lagoon where we will be able to observe flamingos. Then board small pangas for Tintoreras or Shark Alley. On our way we will go along the coast line in the hope to spot blue-footed boobies and the famous Galapagos penguin who is home on the western part of the archipelago. On arrival, hop off for a short walk on this isolated islet and popular iguana nesting site that's home to hundreds of marine iguanas. Snorkel in a calm inlet with colourful fish and winding underground lava tubes. This area is frequented by green sea turtles that like to rest on the calm, sandy bottom. Late afternoon, return to town in search of your own sandy resting spot and enjoy your first Isabela sunset, arguably the most beautiful of all the islands.

DAY 6: Isla Isabela, Galapagos

Start your last day on Isla Isabela by heading towards the Sierra Negra Volcano (approximately 45 minutes by bus), one of the most active volcanoes in the Galapagos and the second largest crater in the world. Weather permitting, take a challenging hike of around 17 kilometres up the rocky mountain, which takes between five and six hours. After the hike, make your way back to town in the late afternoon for some free time to curl up with a book or venture down to the water for a relaxing swim before dinner. Unfortunately, recycling isn't available on Isabela, so please take your plastic rubbish with you.

DAY 7: Isla Santa Cruz, Galapagos

Today you will start the day with a kayak around Isabela before transferring by private speedboat to Isla Santa Cruz. Once you arrive on Santa Cruz you will head to a restaurant that offers a typical Ecuadorian lunch package, simply referred to as "Menu". Usually this consists of a fresh juice, basic entrée (usually a soup) as well as a main meal. These lunch deals are very popular throughout Ecuador so it's a great way to eat like a local. In the afternoon you will have free time to further explore the town or go on an optional excursion to the Charles Darwin Research Centre.

DAY 8: Isla Santa Cruz, Galapagos

This morning we will walk to Tortuga Bay (3.5 kms) one way and enjoy some time on the beach. In the afternoon visit the higher part of the islands to observe the giant tortoise roaming in its natural habitat. Afterwards visit a locally owned Sugar cane farm. Here the farmers will show us the process in which sugar cane is processed and turned into alcohol. Take the opportunity to try some! Tonight, enjoy an included group dinner.

DAY 9: Isla Santa Cruz, Galapagos / Quito

We say goodbye to the Galapagos today and take a flight back to Quito (Please note the flight will make a stop in Guayaquil) You'll arrive back to Quito later afternoon. Perhaps head out for a final group dinner.

DAY 10: Quito

This morning your adventure comes to an end in Quito. As there are no activities planned for the final day, you can depart the accommodation at any time. Because there is little time spent in Quito on this trip, we recommend staying a few extra days to see more of Ecuador. If you choose to stay on, we'd be happy to assist you with booking accommodation. Ecuador has some of the most beautiful churches in the Americas, including the lavish La Compania de Jesus, which is decorated with seven tonnes of gold. Not far from the capital, there are volcanoes, hot springs and Incan ruins to explore. Consider doing one of our one-day sightseeing tours of Quito, which can include the Old Town, markets and the city's culinary delights.
