DURATION

10 Days

LOCATIONS

Ecuador, Galapagos Islands

INTRODUCTION

Witness the wonders of the Galapagos, cruising aboard the comfortable Eden through the archipelago's eastern, central and western islands. Encounter the remarkable wildlife for which this region is so renowned, from sea lions, turtles, land and sea iguanas to the giant Galapagos tortoises, Sally Lightfoot crabs and a multitude of bird species including boobies and frigatebirds. Explore volcanic tunnels and lava tubes, hike to Sierra Negra volcano, snorkel with sea lions and other marine life and take in the spectacular views of Darwin Lake from Tagus Cove. The scenery is stunning and the wildlife incredible.

ITINERARY

DAY 1: Quito

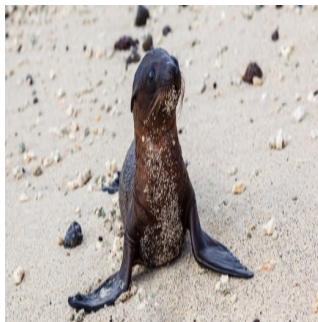

Arrive at any time. Feel free to explore the city of Quito. Sitting at 2,850 metres above sea level high in the Andean foothills lies Quito, the capital of Ecuador. The city, a short distance from the Equator and with an amazing backdrop of snow-capped mountains, is known for its stunning colonial architecture and art-work. Founded in the 16th century on the ruins of an Inca city, Quito has one of the largest, least-altered and best-preserved historic centres in the Americas. It was declared a UNESCO World Cultural Heritage Site in 1978.

DAY 2: San Cristobal

This morning you will have an early transfer to the airport for your flight to the Galapagos Islands. On arrival we head to Isla Lobos to explore this tiny island by foot and boat for some great wildlife encounters. Take a panga ride to view the sea and shore birds nesting and feeding. Spot a small colony of blue-footed boobies as well as two species of sea lions.

DAY 3: Santa Fe & South Plaza

Today we visit Santa Fe for amazing wildlife watching opportunities. Hike towards the cliffs along the island's northern shore to view the forest of giant prickly pear cactus (Opuntia), which is home to endemic land iguanas. It is also one of the best locations to see sea turtles, sea lions, and maybe even get a glimpse of a whitetip reef shark from the panga. We move onto South Plaza, one of the smallest islands in the Galápagos, which has one of the largest populations of land iguanas. Walk along a path through a cactus forest and view a combination of dry and coastal vegetation on this lively island, home to a wide range of fauna, including incredible birdlife. Spot red-billed tropicbirds and indigenous swallow-tailed gulls resting on the cliffs, and sea lions playing in the waters. In the afternoon we fly back to Quito and you're transferred back to your hotel.

DAY 4: Charles Darwin reasearch station

Today we visit Fausto Llerena Breeding Center a great place to observe many species of tortoises and land iguanas in captivity. Brought back from the brink of extinction, see the famous Galápagos tortoise up close – a corral houses adult tortoises, and a nursery cares for the young until around age three when their shells have hardened. This area also houses the Charles Darwin Research Station, a scientific organization initiated in 1964, which works to preserve the Galápagos' ecosystem through the conservation efforts of scientists, researchers, and volunteers. While the offices themselves are not open to visitors, the research station provides a study location for international scientists and environmental education for the local community. In the afternoon we head to Santa Cruz's verdant highlands and the El Chato Reserve, a perfect place to see giant tortoises in their natural environment. Explore the reserve's lagoon and lava tunnels, keeping an eye out for owls that often roost in the tunnels' entrances.

DAY 5: Isabela Island

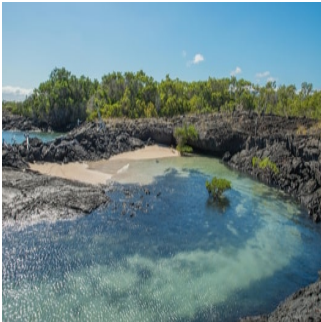

Begin your day with a stop at the charming town of Puerto Villamil. Take a leisurely stroll around the town and soak up the local atmosphere before heading to the Wall of Tears. Built by prisoners after the Second World War, this imposing structure is a powerful reminder of the harsh conditions they were subjected to. In the afternoon we will visit the wetlands and tortoise breeding center in the Puerto Villamil area. Here, you'll have the opportunity to witness a variety of fascinating species up close, including the magnificent giant tortoise. Learn about the conservation efforts being undertaken to protect these gentle giants and their fragile ecosystem.

ECUADOR - EAST, CENTRAL & WEST ISLANDS | EDEN

DAY 6: Punta Moreno and Elizabeth bay

In the morning we pay a visit to Punta Moreno and explore its interesting landscape, which is home to black lava flows and a unique system of brackish lagoons that draw in a wide range of wildlife. Spot Darwin’s finches, Galápagos doves, penguins, and more! Be sure to bring your camera for shots of the island’s amazing scenery. Punta Moreno boasts a panoramic viewpoint of three of Isabela’s imposing volcanoes: Alcedo, Sierra Negra, and Cerro Azul. In afternoon we head by panga to explore, keeping an eye out for wildlife hiding among the mangroves. Search for marine turtles, rays, and flightless cormorants in the sheltered waters. Also spot blue-footed boobies, penguins, and pelicans feeding on the abundant marine life.

DAY 7: Fernandina Island and Tagus Cove

Today we visit Tagus Cove, an Isabela Island anchorage site that was popular among whalers and pirates. Tour the area on foot for spectacular views of Darwin Lake (a spherical saltwater crater), the bay, and Darwin and Wolf volcanoes. Upon landing, take the wooden stairway to the trail entrance, and follow the trail through a dry vegetation zone. Continue on an ascent to a promontory made up of spatter cones (small volcanic cones). We then continue onto a number of different trails at Punta Espinoza. This not-to-be-missed landing site that’s home to some of the largest colonies of marine iguanas and sea birds. Follow the path along the beach and across lava flows for a unique opportunity to explore one of the least-visited areas of the Galápagos.

ECUADOR - EAST, CENTRAL & WEST ISLANDS | EDEN

DAY 8: Perto Egas and Rabida Island

This morning we enjoy an excursion to explore the spectacular shoreline of Puerto Egas, also known as James Bay. Spot a great number of shore birds and reptiles – the beach area is home to a plethora of wildlife. Grab a snorkel and jump into the water right off the beach to explore Puerto Egas' interesting underwater world. Keep your eyes peeled for rays, turtles, and reef sharks while snorkeling. After, visit the large tidal pool area – marine iguanas and Sally Lightfoot crabs are everywhere. Later we Arrive at a red sand beach at Rábida to explore its trails. A short trail leads to a saltwater lagoon; another trail goes past the lagoon to the interior, where the revered palo santo trees grow. (When burned, the branches of this tree give off a pleasing aroma and ward off mosquitoes.) Head back to the beach to see prehistoric-looking pelicans nesting among low-lying bushes – it's a rare treat to watch parent pelicans return with gullets full of fish for the squawking youngsters.

DAY 9: North Seymour

Today we visit North Seymour. This island is teeming with life! Follow trails to see all the action (you may need to give way to a passing sea lion or marine iguana while walking). See blue-footed booby nests where mating pairs perform their courtship dance. Head to a rocky shore to see flocks of pelicans having lunch in a dive bomb feeding frenzy, then turn inland to a large nesting site of magnificent frigate birds. These huge, dark acrobats have two-metre (6.5 ft) wingspans, and males, with their puffed-up scarlet throat sacks, sit precariously perched in low bushes to watch over their equally large chicks. Top off the excursion with a snorkel among sea lions and rays. In the afternoon we fly back to Quito and you're transferred back to your hotel.

DAY 10: Transfer to the Airport

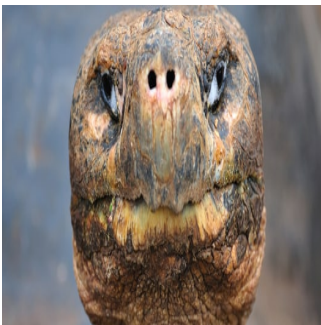

You will be collected from your hotel at the appropriate time and transferred to the airport for your onward flight.

SUSTAINABILITY

Chimu Adventures undertakes a number of sustainability measures within its operations including:

- 1) Only using local guides and office staff to both maximise local employment opportunities and minimise carbon footprints. Local guides also ensure you benefit from the intimate knowledge, passion and culture of the country you’re visiting.
- 2) Where possible, using locally owned and operated boutique hotels to maximise the return to the local community.
- 3) Chimu’s “Pass it on” programme has provided funding to hundreds of local community projects in Latin America. Our aim is to empower local communities, helping them to develop their own infrastructure for the future. Since 2006, we have been working with Kiva (a well-known Non-Governmental Organisation), providing hundreds of loans to local businesses all over South America.
- 4) In our pre tour information we provide a range of tips and advice on how to minimise your impact on both local environments and communities.
- 5) Chimu Adventures’ offices also take a number of sustainability measures including carbon offsets for company vehicles and most staff travel. Chimu Adventure’s internal processes are also structures to create a paperless office and to reduce waste. There are also internal programmes to help staff minimise their carbon footprint such as our staff bike purchase assistance plan which encourages office staff to commute to work via bicycle. Currently almost half of our office based staff commute to work via bicycle.
