ANTARCTIC PENINSULA - SOUTH SHETLAND ISLANDS & ANTARCTIC PENINSULA | OCEAN VICTORY

DAY 1: Embarkation in Ushuaia

Arrive in Ushuaia, Argentina - the world's southernmost town. Explore the quaint city or local countryside. Alternatively, consider a day trip off the beaten path to the raw, natural archipelago of Tierra del Fuego. It's a hiker's paradise with rugged snow-capped mountains, glaciers, flower-filled meadows and boggy quagmires. In the afternoon, we board our ship, Ocean Victory.

DAY 2: Crossing the Drake - Day 2 & 3

Sailing onward, we cross the famed Drake Passage - a body of water that marks the intersection of the cold Antarctic with the warmer Atlantic and Pacific Oceans. Drake Passage is known for rollicking conditions and strong westerly winds, called the Roaring Fifties. While this passage may be challenging, you can rest confidently aboard our expedition vessel, Ocean Victory, which is purpose-built with stabilizers, powerful engines and a highly-qualified crew. The most spirited sailors consider Drake Passage a lifetime achievement, and you will complete the crossing twice! In the Drake, the excitement builds as Antarctic wildlife comes into view. Weather permitting, we will catch our first sight of seals and penguins! The area is also well-known for its abundance of birds

DAY 4: South Shetland Islands - Day 4 & 5

Over the next two days, we will begin the exciting Antarctic experience our ancestors only dreamed of. During these days we will explore the sub Antarctic islands of the South Shetland chain and be marveled by the captivating landscapes we will encounter along the way. Weather permitting, our projected landfalls include: King George Island; Deception Island, an extinct volcano with waters warm enough for a polar swim; and Half Moon Island with nesting Wilson's storm petrels and chinstrap penguins. The itinerary and activities over the next few days depend on weather and ice conditions. The route and shore landings will be determined by the captain and expedition leader and communicated to guests through regularly scheduled briefings.

ANTARCTIC PENINSULA - SOUTH SHETLAND ISLANDS & ANTARCTIC PENINSULA | OCEAN VICTORY

DAY 6: Antarctic Peninsula - Day 6 & 7

As the white shimmer of Antarctica looms on our horizon, the presence of wildlife multiples by tens of thousands with many species of lively penguins, inquisitive seals, nesting birds and the spray of marine mammals. Wildlife abounds along our projected route along the Antarctic Peninsula: leopard, fur and Weddell seals of Cuverville Island; humpback whales of Gerlache Strait; Paradise Bay; the dramatic Lemaire Channel's orcas and much more. The itinerary and activities over the next few days depend on weather and ice conditions. The route and shore landings will be determined by the captain and expedition leader and communicated to guests through regularly scheduled briefings. Please note that all the outings and landings rely on weather, sea and ice conditions being favorable both for the ship to access the areas, as for the zodiacs and kayaks to maneuver under adequate conditions, ensuring the safety of all our passengers and staff.

DAY 8: Depart Antarctica, At Sea - Day 8 & 9

We depart Antarctica and spend two days at sea on our way back to the calms of Beagle Channel and Ushuaia, Argentina. En-route, we will cross Drake Passage and cruise past Cape Horn, a legendary maritime landmark and the southern tip of South America. During our time at sea, a variety of activities will be arranged on board which will provide the perfect opportunity to socialize with fellow travelers equally passionate for discovering the world, enjoy the lectures by our expedition on board, visit our shop or relax at leisure on our ship's facilities, designed to provide a comfortable, relaxing time.

DAY 10: Disembarkation in Ushuaia

This morning you will arrive back in Ushuaia for the conclusion of your journey. Take this time to say farewell to your fellow passengers and newfound friends. Reflect on the incredible memories you have made together, and gather inspiration for the next adventure to come.

SUSTAINABILITY

We appreciate that voyages to the Antarctic to have an impact on this pristine environment. In light of this, all our voyages are double carbon offset. In addition, we strive to eliminate as many single use plastics as possible from our supply chain. In choosing this voyage you are also supporting the fantastic work done by the Antarctic Science Foundation (ASF) and their work in understanding and protecting this unique destination. In addition all voyages support the Mawsons Huts Foundation (MHF). The MHF support the legacy of Sir Douglas Mawson, the legendary Antarctic explorer and scientist. As a member of IAATO we follow strict guidelines appointed by the Antarctic Treaty System to go above and beyond in support of minimizing negative impacts on this pristine landscape. We also encourage clients to look to book pre-and post-accommodation with us, where local businesses will be supported. Our clients also receive restaurant recommendations which support locally owned restaurants.

We carefully select all ships we work with and choose smaller sized vessels to create less impact. We use a highly regulated, licensed vessel which is well equipped to operate in the Antarctic's delicate ecosystem. We view the voyage to the Antarctic as an expedition,

ANTARCTIC PENINSULA - SOUTH SHETLAND ISLANDS & ANTARCTIC PENINSULA | OCEAN VICTORY

not a sightseeing trip. Smaller ships such as ours can navigate narrow waterways and are far less polluting than the larger ships in Antarctic waters. By carrying less passengers, we have far less waste. The waste is carried back to the home port to allow for environmentally conscious waste management and disposal.
