

CUBA & THE CARIBBEAN ISLANDS - JAMAICA ENCOMPASSED

INTRODUCTION

Escape the all-inclusive resorts and see a side of Jamaica that few tourists experience on this whirlwind 10-day adventure. Meet true Rastafarians and learn about the original inhabitants of the island while hiking through lush wilderness. Visit the Appleton Estates rum distillery, the Bob Marley Museum and Dunn's River Falls for a taste of culture with a splash of fun in the sun. With plenty of time to relax on Jamaica's famous white-sand beaches, you're going to come back well rested and with a real understanding of this vibrant island.

SUSTAINABILITY

Chimu Adventures undertakes a number of sustainability measures within its operations including:

- 1) Only using local guides and office staff to both maximise local employment opportunities and minimise carbon footprints. Local guides also ensure you benefit from the intimate knowledge, passion and culture of the country you're visiting.
- 2) Where possible, using locally owned and operated boutique hotels to maximise the return to the local community.
- 3) Chimu's "Pass it on" programme has provided funding to hundreds of local community projects in Latin America. Our aim is to empower local communities, helping them to develop their own infrastructure for the future. Since 2006, we have been working with Kiva (a well-known Non-Governmental Organisation), providing hundreds of loans to local businesses all over South America.
- 4) In our pre tour information we provide a range of tips and advice on how to minimise your impact on both local environments and communities.
- 5) Chimu Adventures' offices also take a number of sustainability measures including carbon offsets for company vehicles and most staff travel. Chimu Adventure's internal processes are also structures to create a paperless office and to reduce waste. There are also internal programmes to help staff minimise their carbon footprint such as our staff bike purchase assistance plan which encourages office staff to commute to work via bicycle. Currently almost half of our office based staff commute to work via bicycle.
