#### DAY 2: Clavero lagoon & Belluda cano creek

On your first morning with us, we recommend getting up early to appreciate one of the most important zones of the Pacaya Samiria National Reserve. Never does nature seem more bountiful than in the tropics, and early rising is always rewarding since wildlife is most abundant and active with the rising of the sun. The exploration at Clavero Lake on board of our aluminium skiff, you will have the chance to get deep into the rainforest and its fantastic diversity of flora and fauna. In the afternoon, you will head for this spectacular tributary spot within the Pacaya Samiria Reserve in our skiffs where you will also experience an unforgettable encounter with grey and pink river dolphins. As well, the day's birds will be out and flying gracefully across the Amazon skies.

### DAY 3: Magdalena & Dorado River

One of the best ways to wake up in the Amazon is to go on an active excursion. This morning, go kayaking in the area known as Magdalena. There is also a nearby village so you are sure to see fisherman waking up to count their catches and locals getting from one place to another in their wooden canoes or boats. In the afternoon, wildlife will greet you and the biodiversity you will experience will be outstanding. You will have the chance to enjoy some of the myriad bird species, colourful butterflies and other diverse insects, and noisy monkey troops, and when the night shift strikes, you'll encounter a whole new world of adventure.

### DAY 4: Pacaya Samiria National

In the morning, you will have reached our main goal, the Pacaya River at the very heart of the Pacaya Samiria National Reserve, Peru's largest protected area with an annual rainfall of nearly 3,000 mL, by far the largest protected wetland reserve in the world. Filled with lakes, palm swamps, and streams, the reserve becomes a flooded forest in the rainy season and is sure to be one of the most beautiful places you'll ever visit. You will also have the chance to swim in one of the pristine Amazon lagoons. Our guides will take you upstream in kayaks; this will be a good chance to spot prehistoric looking iguanas that laze in the sun. Squirrel monkeys are very active at this time of the day, when they move in large noisy troops.

### DAY 5: Rescue & Rehabilitation Center of River Mammals

On board our skiffs, you will visit the community of Puerto Miguel to meet local villagers who have called Amazonia their home for generations. You may step into a typical schoolhouse where the children will be very happy to have visitors, and then stop by an area to see the women of this community who have a most amazing arts & craft market. On our way from Nauta back to Iquitos airport, you will visit the Rescue & Rehabilitation Center of River Mammals (ACOBIA) where you will have the chance to meet baby manatees and learn about these wonderful and docile creatures and why they are on the endangered species list. You will also have the chance to pet and feed these kind manatees.

## SUSTAINABILITY

Being environmentally accountable is a crucial part of our organisation. Chimu is currently striving towards using less paper, taking several initiatives to do so and

## PERU - DELFIN II

tracking our progress along the way. Our goal: A paperless organisation. For this reason, all information given to you will be sent electronically. We encourage those who choose to travel with us to support our aspirations and actions and ask that you reconsider printing out documentation. To view these documents, you can download them to your iPad or portable computer before and during your trip.

Chimu is passionate and dedicated to sustainability measures and understands the crucial part sustainability plays within the tourism industry.

We use local guides and office staff to both maximise local employment opportunities and minimise carbon footprint. Local guides also ensure you benefit from the intimate knowledge, passion and culture of the country you're visiting. Our guides are all highly qualified (most with university degrees) or equip with many years of experience and are paid above the standard wage. Whether it be our knowledgeable local guides, locally produced meals or the transport on tour, we do not use imported goods when local products are available. We aim to minimise our impact on the environment and give as much back as possible to the communities we work in.

Delfin Amazon Cruises has partnered with KUYAPA Foundation, engaging in a range of initiatives to protect the environment and support native communities. While many Amazon communities are largely self-sufficient, their remote locations severely limit access to basic necessities. Delfin offers support through donations of clothing, medical supplies and educational resources, as well as public works projects to improve community infrastructure. While visiting the many national parks, heritage sites, museums and landmarks our travellers are encouraged to explore whilst remaining culturally aware and sensitive. We further encourage you to buy appropriate souvenirs and discourage the buying of anything wrongfully made or taken from the environment i.e. shells and endangered species products. Information on how you can be environmentally conscious, and travel responsibly will be made available in our Travellers Guides and provided during your travels by guides and staff.
