DAY 2: El Querandi Tango Show & Dinner

This evening you will be collected from your hotel to experience a Tango Show with dinner. This is an intimate & passionate tango show, housed in a cozy wood-panelled 19th century building with a colourful history as a meeting point for poets and students in the heart of Buenos Aires's historic centre. After being abandoned in the late 1970s, the bar was restored and reopened in 1992 as El Querandí Tango Hall. The show is directed by Claudio Campos, with musical arrangements by Ado Falasca, and it smoothly charts the history of Argentina's most authentic artistic expression from its origins to the modern day. The dinner is better than many, and at just over an hour long, the show is the perfect length. The three house singers, six dancers and four musicians put on a great show. Dinner will be served from 8.30pm followed by the show commencing at 10.00pm. Please note timings are subject to change and will be confirmed directly to you. On completion of the show, you will be taken to your hotel. Please note this is a small group tour.

Please note this tax is subject to change without prior notice. The spectacular Iguazu Falls that straddle the Argentine-Brazil border, are made up of 275 individual waterfalls lining a 2.7km wide horseshoe-shaped gorge. The Falls are located where the Iguazu River cascades over the edge of the Paraná Plateau. The Falls can be viewed from both the Argentinian and the Brazilian sides, the Brazilian side offering a broader, panoramic view, with the Argentinian side offering a series of catwalks that allow you to experience the Falls from close range. Our guide will pick you up from your hotel and take you to the park (if coming from a hotel in Argentina, please don't forget your passport, with the relevant visa should you require it!). Once inside the park you will transfer onto the park authority's buses. From the first balcony there is a great panoramic view of the Argentinian side of the falls. From the Brazilian side there are gorgeous panoramic views of the lower Iguazu River and the Devil's Gorge Canyon. The elevator and the stairs lead to the shopping and restaurant area upstairs. There is some degree of difficulty as the path includes many stairs.

DAY 4: Iguazu Argentinian Falls

Early morning pick up from your hotel for your full day of exploring the Argentine side of the falls. This tour always starts early in order to beat the crowds and get the first train to the Devil's Throat. There are walkways over the islands which take you to a balcony over the falls and the most spectacular view of the entire Devil's Gorge. You will then have plenty of time to walk the 800 metres of paths on the upper circuit. These new suspended walkways are detached from the jungle surface so as to protect the fauna by preventing disruption of the natural trails. From this circuit you have a higher sight of the falls, providing you with a magnificent panoramic view. It takes around one hour to cover the upper circuit. The lower circuit contains 600 metres of walkways, also detached from the jungle floor, and has great views from below and around the falls. Once you have finished all the circuits, return to the visitor centre where your vehicles will be waiting to transfer you back to your hotel. Please note there is some degree of difficulty as the path includes many stairs, particularly on the lower circuit. National Park fee is included. On completion of the tour, you will be taken to your hotel. Please note this is small group tour.
