DAY 1: Mexico City - Arrival

One of the world's largest metropolis, Mexico City is also the oldest urban centre in the Western Hemisphere, when it was called Tenochtitlan. Spanish conqueror Hernan Cortes and his men were awestruck by the sight of the imposing temples of the Aztecs. Reporting back to King Carlos V, Cortes was struggling to convey the majesty of what he saw. Imagine the King's surprise at learning that "one of the plazas is twice the size of that of Salamanca", and "the principal pyramid is taller than the tower of the cathedral at Seville", or that the stone and wood craftsmanship that adorned these monuments "could nowhere be bettered". Nowhere is Mexico's explosive past better depicted than at its central plaza, the Zocalo. Surrounded by some of the finest buildings of the colonial era, lie the remnants of one of the Aztecs' principal monuments, the Templo Mayor. Its mysterious shapes stand as a haunting tribute to the pre-Hispanic civilization that flourished here long ago.

The murals depict Mayan life and mythology like no other found in the Maya world. We have time to explore the temples and view the murals, before driving 25km to the border town Frontera Corozal. We will drive along the wide boulevards and pleasant parks of the friendly, bustling city of Villahermosa, located on the Grijalva River. But the city's main attractions are its exceptional museums. DAY 10: Uxmal and Kabah & the Puuc route

This morning you will be collected from your hotel to visit the archaeological site of Uxmal, a World Heritage Site, and located 80 km south of Merida. Its architecture is characterized by low horizontal palaces set around courtyards, decorated with a profusion of symbolic motifs and sculptures depicting the long-nosed rain god Chaac. We continue to Kabah, with its amazing Palace of the Masks, covered in nearly 300 masks of Chaac. We continue driving along the Puuc Route, a road that wind past the Mayan ruins of Labna, Xlapak and Sayil. These sites give us a great insight into the Puuc (Mayan name for 'hills') civilization. Our first stop is Labna, once a city inhabited by some 3000 Mayas. To support such numbers in these arid hills, water was collected in 'chultunes' (water cisterns), some of the original 60 chultunes still visible. We then drive to Xlapak. This site of 14 structures and 3 pyramids is less restored, so we can see what the sites looked like when they were first discovered. Our last stop is Sayil, home to the beautiful El Palacio, a huge three-tiered building which is a splendid example of the rich Puuc style of intricate stone mosaics. Enjoy lunch before returning to Merida. On completion of your tour, you will be taken to your hotel. Please note this is a private tour.
