DAY 2: Nordkapp

Explore one of the most northern points in Europe. A popular spot to watch the midnight sun during the summer months, as the sun never sets between the middle of May to late August, this cape is the location where the Atlantic and Arctic oceans meet. Explore the barren landscape, quaint fishing villages, and stop by the Northern Cape Plateau standing 307 m above the sea.

DAY 3: At Sea

Enjoy a day at sea, taking in the stunning scenery of the Arctic. Keep a sharp eye while on deck to try and spot marine wildlife.

DAY 4: Trollfjord/Lofoten Islands

Spend the early morning at the short, yet dramatic Trollfjord. Try to spot the mythical creatures along the cliffs. Head ashore in Svolvær to explore the Lofoten Islands by coach. Stop in Henningsvær for time to see local art or explore the quaint fishing village. After, visit Nusfjord, one of Norway's oldest and best-preserved fishing villages for lunch at a local restaurant, before visiting the Tørrfiskmuseum to learn about traditional work of the islands. End the day in the town of Å.

DAY 5: Svartisen/Vikingen/Lovund

Visit Svartisen, Lovund and Vikingen, for beautiful glaciers and a globe sculpture which marks Vikingen as a point directly on the Arctic Circle.

SUSTAINABILITY

Chimu Adventures undertakes a number of sustainability measures within its operations including:

- 1) Only using local guides and office staff to both maximise local employment opportunities and minimise carbon footprints. Local guides also ensure you benefit from the intimate knowledge, passion and culture of the country you’re visiting.
- 2) Where possible, using locally owned and operated boutique hotels to maximise the return to the local community.
- 3) Chimu’s “Pass it on” programme has provided funding to hundreds of local community projects in Latin America. Our aim is to empower local communities, helping them to develop their own infrastructure for the future. Since 2006, we have been working with Kiva (a well-known Non-Governmental Organisation), providing hundreds of loans to local businesses all over South America.
- 4) In our pre tour information we provide a range of tips and advice on how to minimise your impact on both local environments and communities.
- 5) Chimu Adventures’ offices also take a number of sustainability measures including carbon offsets for company vehicles and most staff travel. Chimu Adventure’s internal processes are also structures to create a paperless office and to reduce waste. There are also internal programmes to help staff minimise their carbon footprint such as our staff bike purchase assistance plan which encourages office staff to commute to work via bicycle. Currently almost half of our office based staff commute to work via bicycle.
