INTRODUCTION

SAVE UP TO 40%

Explore Antarctica and its southern depths of the Antarctic Circle on this 14 day cruise. A truly remarkable place, Antarctica offers you pristine scenery and a wonderful array of wildlife as you cruise down the peninsula to 66°33' S where most expeditions do not offer. Enjoy a glass of champagne at this point where few have been, taking in the almost untouched surroundings and solitude of this magnificent locations.

Discounts of up to 40% are valid on the 2022/23 season valid for new bookings from 04 January 2023 until 03 April 2023 or sold out/departed. Offer only available on selected departures and cabins

**Any offers are correct at the time of publishing and are subject to change, availability will be confirmed at time of booking. Only combinable with Shackleton Club Past Passenger offers. Prices are subject to change based on currency fluctuations, fuel surcharges, and other external factors. No discount applies to any transfer packages, additional activities or pre/post services. Excludes Triple and Single Cabins. The below prices may also include a 'Pay in full at time of booking' which is a 5-10% early payment bonus. Further conditions may apply, [contact us](#) for more information.*

ITINERARY

ANTARCTICA - SOUTHERN EXPEDITION: CROSSING THE CIRCLE | OCEAN ADVENTURER

DAY 1: Arrival in Ushuaia

You will begin your journey in Ushuaia, a small but bustling port town at the tip of South America. This Argentine town is an ideal gateway for you to explore the southern extent of Patagonia while preparing for your adventure ahead. Get active in the mountains or enjoy handcrafted chocolate at a café in town.

DAY 2: Embarkation in Ushuaia

As the ship sets sail in the late afternoon, you will begin your Antarctic journey, passing through the Beagle Channel. Named after the famed ship on which Charles Darwin voyaged, the channel presents great photo opportunities of landscapes and seabirds. Eventually, the channel opens up to the Southern Ocean, and onwards to Antarctica.

DAY 3: Crossing the Drake Passage - Days 3 & 4

The waters of the Drake Passage are unpredictable, so hope for clear skies and a calm ocean. You'll have plenty of time to gaze out at the sea, get to know your fellow shipmates and chat with your Expedition Team. You will spend this time preparing for the exciting days ahead, with numerous educational and informative lectures presented by your Expedition Team. You'll learn about everything from safety procedures to the history of whaling in Antarctica.

DAY 5: Antarctic Peninsula & South Shetland - Days 5 to 7

With the Drake Passage left in our wake, we make our approach to Antarctica. Get your cameras ready as the continent's coastline will make its first appearance, signaling the start of your adventure in the realm of the Antarctic. You'll see plentiful icebergs floating by and be fixated on the surface of the ocean as curious whales spout and breach before your eyes. As exciting as it can be from on board the ship, your true exploration occurs when you disembark and set foot on the great continent. There are several potential landing sites we may visit, including Neko Harbour, Orne Harbour or Paradise Harbour. While weather dictates which specific landing sites we can visit, each one presents a new collection of wildlife and natural attractions. Your days will be busy spotting wildlife and being mesmerized by the beauty of Antarctica. Watching penguins waddling on the beach and listening to the crackling and crumbling sounds of icebergs and glaciers will become your daily entertainment, while kayaking with whales and camping in Antarctica are a couple of optional activities available on selected voyages (at an extra cost).

DAY 8: Antarctic Circle - Days 8 & 9

Crossing the Antarctic Circle is an impressive achievement, as most expeditions to the Antarctic Peninsula do not reach this far south, which is officially noted at 66°33' S. If conditions allow us to cross this famed line, you and your shipmates will celebrate in style with a well-earned glass of champagne! Make a toast and take pride in knowing you've made it to a part of the world visited by very few people.

DAY 10: Northbound Along the Peninsula - Days 10 to 11

By now, your knowledge of Adélie, chinstrap and gentoo penguins will be matched by your ability to differentiate between a leopard, fur or Weddell seal. Terms like bergy bits and pancake ice will seem normal, yet there are still many tales to be told. As you head north, Zodiac excursions will fill your days, and your Expedition Team will continue offering presentations while giving you time to reflect on everything you've experienced.

ANTARCTICA - SOUTHERN EXPEDITION: CROSSING THE CIRCLE | OCEAN ADVENTURER

DAY 12: Crossing the Drake Passage - Days 12 & 13

As you recross the Drake, Antarctica fades away, leaving you with a collection of memories to last a lifetime. Excited conversations with your newfound friends will make the crossing fly by, regardless of weather and sea conditions. Your Expedition Team will round up its series of lectures as well, perhaps with a slideshow of the great landing sites and wildlife you've witnessed over the course of your voyage.

DAY 14: Disembark in Ushuaia & Fly to Buenos Aires

Today you'll say goodbye to your Expedition Team and fellow travelers, disembarking in the morning to catch your homeward flights.

INCLUSIONS & DETAILS

Accommodation	Standard
----------------------	----------

ANTARCTICA - SOUTHERN EXPEDITION: CROSSING THE CIRCLE | OCEAN ADVENTURER

Inclusions

- Shipboard accommodation with daily housekeeping
- All meals, snacks, soft drinks and juices on board
- Beer and wine during dinner
- All shore landings per the daily program
- Leadership throughout the voyage by experienced Expedition Leader
- All Zodiac transfers and cruising per the daily program
- Formal and informal presentation by Expedition Team and special guests as scheduled
- A photographic journey documenting the expedition
- Waterproof expedition boots on loan for shore landings
- Parka to keep
- Coffee, tea and cocoa available around the clock
- A hairdryer and bathrobes in every cabin
- Comprehensive predeparture materials, including a map and an informative Antarctica Reader
- All miscellaneous service taxes and port charges throughout the program
- All luggage handling aboard the ship
- All gratuities
- Emergency evacuation insurance to a maximum benefit of US\$500,000.00 per person
- Group transfer in Ushuaia from the airport to the pre-expedition hotel on Day 1
- One night's pre-expedition hotel accommodation in Ushuaia, with breakfast
- Group transfer from the hotel to the ship on embarkation day
- Group transfer upon disembarkation in Ushuaia from the ship to the local airport

EXCLUSIONS:

- International airfare
- Passport and visa expenses
- Government arrival and departure taxes not mentioned above
- Meals ashore unless otherwise specified
- Baggage, cancellation, interruption and medical travel insurance
- Excess baggage fees on international flights
- Mandatory waterproof pants for Zodiac cruising, or any other gear not mentioned above
- Laundry, bar, beverage and other personal charges unless specified
- Phone and internet charges
- Additional overnight accommodation
- Optional adventure activities

Difficulty Rating	2 (light adventure)
Single Surcharge	Available upon request

Price Dependent upon Season and availability

SUSTAINABILITY

GUIDANCE FOR VISITORS TO THE ANTARCTIC

RECOMMENDATION XVIII-1, ADOPTED AT THE ANTARCTIC TREATY MEETING, KYOTO, 1994

Activities in the Antarctic are governed by the Antarctic Treaty of 1959 and associated agreements, referred to collectively as the Antarctic Treaty System. The Treaty established Antarctica as a zone of peace and science.

In 1991, the Antarctic Treaty Consultative Parties adopted the Protocol on Environmental Protection to the Antarctic Treaty, which designates the Antarctic as a natural reserve. The Protocol sets out environmental principles, procedures and obligations for the comprehensive protection of the Antarctic environment, and its dependent and associated ecosystems. The Consultative Parties have agreed that as far as possible and in accordance with their legal system, the provisions of the Protocol should be applied as appropriate. The Environmental Protocol was ratified in January 1998.

The Environmental Protocol applies to tourism and non-governmental activities, as well as governmental activities in the Antarctic Treaty Area. It is intended to ensure that these activities, do not have adverse impacts on the Antarctic environment, or on its scientific and aesthetic values.

This Guidance for Visitors to the Antarctic is intended to ensure that all visitors are aware of, and are therefore able to comply with, the Treaty and the Protocol. Visitors are, of course, bound by national laws and regulations applicable to activities in the Antarctic.

PROTECT ANTARCTIC WILDLIFE

Taking or harmful interference with Antarctic wildlife is prohibited except in accordance with a permit issued by a national authority.

Do not use aircraft, vessels, small boats, or other means of transport in ways that disturb wildlife, either at sea or on land.

Do not feed, touch, or handle birds or seals, or approach or photograph them in ways that cause them to alter their behavior. Special care is needed when animals are breeding or molting.

Do not damage plants, for example by walking, driving, or landing on extensive moss beds or lichen-covered scree slopes.

Do not use guns or explosives. Keep noise to the minimum to avoid frightening wildlife. Do not bring non-native plants or animals into the Antarctic, such as live poultry, pet dogs and cats, or house plants.

RESPECT PROTECTED AREAS

ANTARCTICA - SOUTHERN EXPEDITION: CROSSING THE CIRCLE | OCEAN ADVENTURER

A variety of areas in the Antarctic have been afforded special protection because of their particular ecological, scientific, historic, or other values. Entry into certain areas may be prohibited except in accordance with a permit issued by an appropriate national authority.

Activities in and near designated Historic Sites and Monuments and certain other areas may be subject to special restrictions.

Know the locations of areas that have been afforded special protection and any restrictions regarding entry and activities that can be carried out in and near them. Observe applicable restrictions.

Do not damage, remove, or destroy Historic Sites or Monuments or any artifacts associated with them.

RESPECT SCIENTIFIC RESEARCH

Do not interfere with scientific research, facilities or equipment.

Obtain permission before visiting Antarctic science and support facilities; reconfirm arrangements 24-72 hours before arrival; and comply with the rules regarding such visits.

Do not interfere with, or remove, scientific equipment or marker posts, and do not disturb experimental study sites, field camps, or supplies.

BE SAFE

Be prepared for severe and changeable weather and ensure that your equipment and clothing meet Antarctic standards. Remember that the Antarctic environment is inhospitable, unpredictable, and potentially dangerous.

Know your capabilities and the dangers posed by the Antarctic environment, and act accordingly. Plan activities with safety in mind at all times.

Keep a safe distance from all wildlife, both on land and at sea.

Take note of, and act on, the advice and instructions from your leaders; do not stray from your group.

Do not walk onto glaciers or large snow fields without the proper equipment and experience; there is a real danger of falling into hidden crevasses.

Do not expect a rescue service. Self-sufficiency is increased and risks reduced by sound planning, quality equipment, and trained personnel.

Do not enter emergency refuges (except in emergencies). If you use equipment or food from a refuge, inform the nearest research station or national authority once the emergency is over.

Respect any smoking restrictions, particularly around buildings, and take great care to safeguard against the danger of fire. This is a real hazard in the dry environment of Antarctica.

KEEP ANTARCTICA PRISTINE

Antarctica remains relatively pristine, the largest wilderness area on Earth. It has not yet been subjected to large-scale human perturbations. Please keep it that way.

Do not dispose of litter or garbage on land. Open burning is prohibited.

Do not disturb or pollute lakes or streams. Any materials discarded at sea must be disposed of properly.
