

THREE ARCTIC ISLANDS 2022 | OCEAN ADVENTURER

INTRODUCTION

This award-winning expedition cruise takes you to Scorsbysund, on the northeast coast of Greenland, Iceland, and high above the Arctic Circle in Spitsbergen, Norway. Departing from Oslo you will connect via a charter flight to Svalbard and cruise along Spitsbergen where iconic Arctic animals such as the polar bear, musk ox, reindeer and walrus are commonly seen. No other Arctic adventure takes in such varied destinations ranging from active volcanoes to massive glaciers. If you want to experience the Arctic in all of its beauty, then you must venture to these three Arctic islands.

GREEN POINTS!

• Serve only sustainable seafood • Use eco-friendly laundry chemicals and cabin amenities • Provide every passenger with reusable water bottle • Use of only recycled, acid free paper onboard and limit paper • Aligned with several charities that not-for-profit organisations that help the environment.

ITINERARY

DAY 1: Arrive in Oslo, Norway

Your arctic adventure begins in Oslo, where you may arrive at any time during Day 1 of your itinerary. Upon arriving in this splendid capital city, known for its green spaces and museums, you will check into your included airport hotel.

THREE ARCTIC ISLANDS 2022 | OCEAN ADVENTURER

DAY 2: Embarkation Day in Longyearbyen, Svalbard

After breakfast, the group will transfer to the airport and board our private charter flight to Longyearbyen, Spitsbergen’s largest settlement. As you embark this afternoon, you’ll enjoy great views of the mountainous landscape that serves as a backdrop for this seaside town.

DAY 3: Exploring Spitsbergen, Svalbard - Day 3 to 6

Exploring Spitsbergen, the largest island of the Norwegian Svalbard archipelago, rewards you with abundant wildlife and austere beauty. Here, you’ll visit spectacular glacier fronts and steep-walled fjords, with walrus, polar bears and Svalbard reindeer amongst your possible wildlife sightings. Birders will be thrilled to see arctic terns, skuas, long-tailed ducks, kittiwakes and ivory gulls. If conditions allow, you could sail within 10 degrees of the North Pole!

DAY 7: At Sea - Day 7 & 8

While sailing south through the Greenland Sea, your Expedition Team will teach you about the wildlife and history of Greenland, your next stop. On deck, you’ll learn to identify seabirds on the wing. Take in a lecture, share your photos, sip an icy cocktail in the bar or watch a movie—there are many things to do during your time at sea.

DAY 9: Exploring East Greenland - Day 9 to 12

During your tour of Greenland’s remote eastern coast, you’ll enjoy Zodiac cruises and shore visits to several locations. Explore the remains of ancient Thule settlements and keep an eye out for grazing muskoxen—40 percent of the world’s muskoxen population lives here. Finally, you will sail through spectacular Scoresbysund, the birthplace of many icebergs and, some say, the most beautiful fjord system in the world.

DAY 13: At Sea - Day 13 & 14

As we cruise south, the Denmark Strait is your pathway toward Iceland. Your Expedition Team will keep you informed and entertained with presentations about the history of exploration in the Arctic and the seabirds you'll see soaring above your ship.

DAY 15: Depart Reykjavik, Iceland

You'll disembark in Reykjavik, Iceland's capital, at the end of your journey. If you have booked post-expedition accommodation, we provide a transfer to a central downtown location.

SUSTAINABILITY

Being environmentally accountable is a crucial part of our organisation. Chimu is currently striving towards using less paper, taking several initiatives to do so and tracking our progress along the way. Our goal: A paperless organisation. For this reason, all information given to you will be sent electronically. We encourage those who choose to travel with us to support our aspirations and actions and ask that you reconsider printing out documentation. To view these documents, you can download them to your iPad or portable computer before and during your trip.

Chimu is passionate and dedicated to sustainability measures and understands the crucial part sustainability plays within the tourism industry.

We use local guides and office staff to both maximise local employment opportunities and minimise carbon footprint. Local guides also ensure you benefit from the intimate knowledge, passion and culture of the country you're visiting. Our guides are all highly qualified (most with university degrees) or equip with many years of experience and are paid above the standard wage. Whether it be our knowledgeable local guides, locally produced meals or the transport on tour, we do not use imported goods when local products are available. We aim to minimise our impact on the environment and give as much back as possible to the communities we work in.

Quark expeditions undertake a number of sustainable initiatives dedicated to environmental protection and education. Charities supported include Polar Bears International, which undertakes conservation efforts to save the endangered species and 'Clean up Svalbard' which aids in collecting refuse from beaches and wilderness areas on the island. Technical elements on vessels include the use of Marine Gas Oil (MGO) a low emission factor fuel, as well as the use of recyclable water bottles and acid-free paper. While visiting the many national parks, heritage sites, museums and landmarks our travellers are encouraged to explore whilst remaining culturally aware and sensitive. We further encourage you to buy appropriate souvenirs and discourage the buying of anything wrongfully made or taken from the environment i.e. shells and endangered species products. Information on how you can be environmentally conscious, and travel responsibly will be made available in our Travellers Guides and provided during your travels by guides and staff.
