### DAY 3: Exploring Spitsbergen - Day 3 to 9

You'll cruise around this magical island on a constant search for wildlife. Your expedition will cover western Spitsbergen as well as stunning fjords and outlying islands to the north. From polar flora to immense glaciers, the natural landscape here is just as varied as the wildlife. Each expedition presents new opportunities and different weather and ice, so there is no fixed itinerary; however, some of the places we may visit include the 14th of July Glacier, Smeerenburg, Alkefjellet and the Hinlopen Strait. The destinations visited will be selected for optimum wildlife viewing with an appreciation of the history and geology of Spitsbergen. The island offers multiple opportunities for wildlife photography. Spotting polar bears is more likely here than almost anywhere else, as the Svalbard archipelago is one of their preferred hunting areas. The towering cliffs of Alkefjellet provide homes to thousands of Brünnich's guillemots (thick-billed murre). Coming across a walrus haul-out is a moment you won't soon forget. These giant pinnipeds of the Arctic create quite a noisy scene as each walrus vies for a choice spot of coastline. If you're itching to experience a more intimate view from the water, you can book the sea kayaking or paddling excursion adventure options. In Spitsbergen, there is no shortage of natural beauty. The tundra can be surprisingly colourful in summer, with wildflowers bursting for a taste of sunshine. Each day, you'll see something interesting, whether it is unique arctic wildlife a polar bear resting between hunts, or abandoned sites from centuries ago.

### DAY 10: Fly Longyearbyen to Helsinki

The time to say goodbye has come. Your Arctic adventure ends as it began, in the frontier-style settlement of Longyearbyen. From here, we'll transfer you to the airport for your return group charter flight to Helsinki, included in the transfer package.

We use local guides and office staff to both maximise local employment opportunities and minimise carbon footprint. Local guides also ensure you benefit from the intimate knowledge, passion and culture of the country you're visiting. Our guides are all highly qualified (most with university degrees) or equip with many years of experience and are paid above the standard wage. Whether it be our knowledgeable local guides, locally produced meals or the transport on tour, we do not use imported goods when local products are available. We aim to minimise our impact on the environment and give as much back as possible to the communities we work in.

While visiting the many national parks, heritage sites, museums and landmarks our travellers are encouraged to explore whilst remaining culturally aware and sensitive. We further encourage you to buy appropriate souvenirs and discourage the buying of anything wrongfully made or taken from the environment i.e. shells and endangered species products. Information on how you can be environmentally conscious, and travel responsibly will be made available in our Travellers Guides and provided during your travels by guides and staff.
