

THE ARCTIC - SPITSBERGEN EXPLORER | OCEAN EXPLORER

INTRODUCTION

Discover the incredible wildlife of Spitsbergen, a remote, untouched wilderness and the 'wildlife capital of the Arctic'. Departing from Helsinki, you will board the Ocean Adventurer in Svalbard to explore the islands to the north and cruise along the western edge of this magical island where jagged mountains, deep fjords and dramatic glaciers provide a stunning backdrop. Spitsbergen is the land of the polar bear and the midnight sun, home to Svalbard reindeer, Arctic foxes, colonies of walruses, whales, seals and thousands of migratory seabirds. There are opportunities to sea-kayak, and to snowshoe to a historic memorial to the whalers who lost their lives in the 17th and 18th centuries. This is a classic Arctic itinerary.

## DAY 3: Exploring Spitsbergen - Day 3 to 11

Explore western Spitsbergen as well as stunning fjords and outlying islands to the north. From polar deserts to immense glaciers, the natural landscape here is just as varied as the wildlife. As you cruise around this magical island located above the Arctic Circle, your Expedition Team will constantly be searching for wildlife. Each expedition presents new opportunities and different weather and ice, so we have no fixed itinerary; however, some of the places we may visit include the 14th of July Glacier, Smeerenburg, Phippsøya, Alkhornet and the Hinlopen Strait. The destinations visited will be selected for optimum wildlife viewing with an appreciation of the history and geology of Spitsbergen. The island offers multiple opportunities for wildlife photography. Spotting polar bears is more likely here than almost anywhere else, as the Svalbard archipelago is one of their preferred hunting areas. The towering cliffs of Alkefjellet provide homes to thousands of Brünnich’s guillemots (thick-billed murre). Coming across a walrus haul-out is a moment you won’t soon forget. These giant pinnipeds of the Arctic create quite a noisy scene as each walrus vies for a choice spot of coastline. If you’re itching to experience a more intimate view from the water, you can book the sea kayaking or paddling excursion adventure options. In Spitsbergen, there is no shortage of natural beauty. The tundra can be surprisingly colourful in summer, with wildflowers bursting for a taste of sunshine. Each day, you’ll see something interesting, whether it is unique arctic wildlife a polar bear resting between hunts or abandoned sites from centuries ago.
