

INTRODUCTION

A true adventure to the world's most remote wilderness, a world of immense scale and visual splendour! Vivid emerald, violet tints, intense blue and crimson light – the Antarctic Peninsula is anything but a world of white desolation. Our 11-day Antarctica Classic expedition introduces you to the magic of the South Shetland Islands and the Antarctic Peninsula, home to some of the planet's most impressive wildlife and most dramatic landscapes. Encounter whales, huge icebergs, enormous rookeries of penguins and stunning landscapes that few have ever witnessed. Throughout the voyage, our team of lecturers and guides will share their knowledge of the region's remarkable natural history.

ITINERARY

DAY 1: Arrival in Ushuaia

Check into your pre-cruise hotel and enjoy the evening at leisure.

DAY 2: Ushuaia - Embark on ship

Embarkation on the M/S Expedition begins in the afternoon at the port in Ushuaia. Embarkation time is set for 4:00 pm. The morning is free for any last minute shopping, an optional excursion to Tierra del Fuego National Park or a hike up to the Marshall Glacier. The evening is spent on board the ship watching the sunset over the Beagle Channel. On the first day on-board, your Expedition Leader will give you an expedition overview.

DAY 3: Crossing the Drake Passage - Days 3 & 4

Our adventure begins with an 800km (497 mile) crossing of the passage that bears the name of the 16th century English explorer Sir Francis Drake. The M/S Expedition is at home in this part of the Southern Ocean, known for the unimpeded fetch of the winds that encircle the Antarctic. On the second day we cross the Antarctic Convergence, a meeting of cold polar water flowing north and warmer equatorial water moving in the opposite direction. This mixing pushes nutrient rich waters to the surface attracting a variety of seabirds, whales and other species. As we make the passage you have time to become acquainted with the ship and frequent the common areas that include the lounge, dining hall, library and lecture hall where you meet your guides, ship's crew and expedition staff. We also begin the lecture and information sessions to learn the extraordinary human and natural history of the Antarctic region. Keep a look out for sightings of icebergs, whales and albatross following in the ship's wake.

DAY 5: Antarctic Peninsula & South Shetland - Days 5 to 8

This is what we've all been waiting for - a chance to step foot on the Great White Continent to experience some of the most unique wildlife viewing and inspiring scenery in the world! Over the next four days we will navigate southwards making stops in the South Shetland Islands then through the Bransfield Strait and on to the Antarctic Peninsula. Our goal is to attempt two excursions per day while we navigate through the area but our itinerary and daily schedule will be based on the local weather and ice conditions that we encounter. During the voyage, learn about the Peninsula's remarkable history and encounter gentoo, chinstrap and Adélie penguin rookeries, Weddell, crabeater and leopard seals as well as orca, humpback and minke whales in the cold Antarctic waters.

DAY 9: Return Drake Passage Crossing - Days 9 to 10

Today we leave Antarctica and head north back across the Drake Passage to our home port of Ushuaia. In between bird watching, whale watching and enjoying some final lectures by our expedition staff, our final two days are a perfect opportunity to relax and review the highlights of the past week before returning to Ushuaia.

DAY 11: Disembark in Ushuaia

And so our adventure comes to a close. We'll say our goodbyes as we disembark in Ushuaia in the morning. Upon completion of the 8:00 am disembarkation in Ushuaia, you will be transferred to either the airport or a central location where luggage can be stored. *** Important - Please be sure not to book flights out of Ushuaia before 12PM (Noon) on the day of disembarkation from your cruise ship.

Pre or post cruise travel expenses

Difficulty Rating

2 (light adventure)

Single Surcharge	No single surcharge if willing to share (Category 1,2 and 3 cabin classes only).
Notes	Itinerary is subject to change depending on weather and ice conditions.
Price Dependent upon	Departure date and availability.

SUSTAINABILITY

Chimu Adventures is passionate and dedicated to sustainability measures and understands the crucial part sustainability plays within the tourism industry.

A trip to the Antarctic is a completely different experience and quite unlike any other trip you have probably been on. We use a highly regulated, licensed vessel which is well equipped to operate in this vulnerable ecosystem. We are fully compliant with all rules set down by the IAATO and all activities are governed by the Antarctic Treaty System. We carefully select all ships we work with and choose them for their small size as this creates far less impact on shore landings with wildlife. We view the voyage to the Antarctic as an expedition, not a sightseeing trip. Smaller boats such as ours can navigate narrow waterways and are far less polluting than the larger ships in Antarctic waters. By carrying less passengers, we have far less waste, and all waste is carried back to the home port to allow for environmentally conscious waste management and disposal, unlike some of the larger ships which do not facilitate this. This trip begins in Ushuaia where you will have time to sample local food and shop at local boutiques which we encourage individuals to take part in for experience and in support of the local community. We discourage the buying of souvenirs made from endangered species or wrongfully taken from the environment i.e. shells. Our pre-departure pack provides you with all the information required for your tour, from what to take with you to practical advice about how to minimise your impact on the Antarctic environment. This pack highlights initiatives such as waste reduction, and how to appropriately engage with wildlife and the environment around you.

For more information visit our [sustainability page](#).
