

PATAGONIA - FJORDS OF TIERRA DEL FUEGO | VENTUS AUSTRALIS

INTRODUCTION

This one-of-a-kind cruise allows you to discover a frozen world and marvelous wildlife while enjoying the luxury of the Ventus Australis.

Set sail from the Chilean city of Punta Arenas to the first stop, Ainsworth Bay. Here you will explore the Alberto De Agostini National Park and see the Marinelli Glacier dropping. Spot the majestic Southern Elephant Seals and end the day by being encircled by a state of charming Magellan Penguins. The climbs on the next days will direct you to the most spectacular views of the area. Strand at the shores of the memorable Strait of Magellan and continue this extraordinary journey of revelation through the fjords and channels of Tierra del Fuego. Discover Cape Horn and the historic Wulaia Bay, among other attractions along the route.

[* Please note, this itinerary also operates in reverse, from Ushuaia to Punta Arenas ***](#)**

On this all-encompassing cruise, you will be provided with travel logistics for your travel party for the duration of your journey, plus expert guides for all the major sightseeing as per itinerary. Your all-inclusive cruise-in will take place in the upmarket comfort of the Ventus Australis.

PATAGONIA - FJORDS OF TIERRA DEL FUEGO | VENTUS AUSTRALIS

DAY 1: Punta Arenas

Check in and luggage drop off is at the Cruceros Australis office, between 13:00hrs and 17:00hrs (1pm-5pm) at 1389 Costanera del Estrecho Ave (at Prat Port) on Punta Arena's waterfront. Boarding commences at 18:00hrs (6pm) with departure scheduled at 20:00hrs (8pm). All passengers must be on board the vessel at least one hour before departure. Please note your luggage will be taken to your cabin. After a welcoming cocktail reception hosted by the Captain and his crew, the ship will depart for one of the remotest parts of the planet. During the night we cross the Strait of Magellan and enter the labyrinth of channels that define the southern extreme of Patagonian. The twinkling lights of Punta Arenas gradually fade into the distance as we enter the Whiteside Canal between Darwin Island and Isla Grande de Tierra del Fuego.

DAY 2: Ainsworth Bay - Tuckers Islets

At dawn, we will navigate our way through Almirantazgo Sound, arriving at Ainsworth Bay which is sited within Alberto De Agostini National Park. It's the perfect spot from which to see the Marinelli Glacier descending from Darwin Mountain Range in the distance; and to appreciate how the land returns to life after glacial retreat. We will also take a walk to a beaver dam in the stunning sub-polar Magellan Forest. Whether on the beach or the island, there's a good chance of sighting Southern Elephant Seals. But do bear in mind the fact that sightings cannot be guaranteed due to the colony's unpredictable movements. Later, we will be sailing to Tuckers Islets, and after lunch, we will board well-equipped Zodiac boats to get close to a colony of Magellan Penguins (indigenous to the Southern Hemisphere) and cormorants. * In September and April, this excursion is replaced by a short walk to a nearby glacier at Brookes Bay.

DAY 3: Pia Glacier - Glacier Alley

We will navigate along the northwest arm of the Beagle Channel before disembarking at Pia Fjord. From there, we'll take a short hike to a panoramic viewpoint from where we can enjoy spectacular views of the awe-inspiring Pia Glacier whose main tongue extends from the mountaintops down to the sea. After this memorable experience, we will continue our voyage along the Beagle Channel through the majestic Glacier Alley.

DAY 4: Wulaia Bay - Cape Horn

During the morning we will be sailing through Murray Channel, going ashore at historical Wulaia Bay, originally the site of one of the region's largest Yamana aboriginal settlements. Charles Darwin landed there in 1833 during his voyage on the HMS Beagle. This area is also renowned for the mesmerizing beauty of its vegetation and geography. We will take an enchanted walk through the Magellan Forest of lengas, coigües, canelos, ferns, and other endemic vegetation, to reach a panoramic viewpoint. In the afternoon we will go South through Nassau Bay to reach Cape Horn National Park, where, weather permitting, we shall go ashore. The legendary Cape Horn was discovered in 1616 and is a sheer 425-meter (1,394-foot) high rocky promontory. For many years it was an important navigation route between the Pacific and the Atlantic, and is referred to as the 'End of the Earth'. The park was declared a World Biosphere Reserve by UNESCO in 2005.

DAY 5: Ushuaia

We sail into Argentine waters and dock in Ushuaia, the world's southernmost city. Scheduled arrival between 8:30-9:30am.

SUSTAINABILITY

Being environmentally accountable is a crucial part of our organisation. Chimu is currently striving towards using less paper, taking several initiatives to do so and tracking our progress along the way. Our goal: A paperless organisation. For this reason, all information given to you will be sent electronically. We encourage those who choose to travel with us to support our aspirations and actions and ask that you reconsider printing out documentation. To view these documents, you can download them to your iPad or portable computer before and during your trip.

Chimu is passionate and dedicated to sustainability measures and understands the crucial part sustainability plays within the tourism industry.

We use local guides and office staff to both maximise local employment opportunities and minimise carbon footprint. Local guides also ensure you benefit from the intimate knowledge, passion and culture of the country you're visiting. Our guides are all highly qualified (most with university degrees) or equip with many years of experience and are paid above the standard wage. Whether it be our knowledgeable local guides, locally produced meals or the transport on tour, we do not use imported goods when local products are available. We aim to minimise our impact on the environment and give as much back as possible to the communities we work in.

While visiting the many national parks, heritage sites, museums and landmarks our travellers are encouraged to explore whilst remaining culturally aware and sensitive. We further encourage you to buy appropriate souvenirs and discourage the buying of

PATAGONIA - FJORDS OF TIERRA DEL FUEGO | VENTUS AUSTRALIS

anything wrongfully made or taken from the environment i.e. shells and endangered species products. Information on how you can be environmentally conscious, and travel responsibly will be made available in our Travellers Guides and provided during your travels by guides and staff.

For more information on our sustainability policies, including how we are striving towards being a paperless organisation, click [HERE](#)
