

# THE ARCTIC - BAFFIN BAY SECRETS | LE BOREAL

## INTRODUCTION

On a remarkable 14-day adventure cruise to Baffin Bay, set sail onboard the Le Bor  al. In Kangerlussuaq, you will set out on an incredible tour across the most breathtaking Arctic landscapes.

Your first stop, the west coast of Greenland, will greet you with its magnificent icebergs, vibrant settlements surrounding by mountains, and basalt formations. This is the perfect chance to interact with the community and discover Inuit culture in Greenland.

The Arctic tundra's remote settlements of peat homes in Baffin Bay, where the last bear hunters and narwhal fishers still live according to ancestral customs, can be seen as you travel farther north. Additionally, you'll learn about Savissivik, the largest 'iceberg graveyard,' and witness the relics of old Inuit civilizations.

Le Bor  al will travel near Baffin Island's eastern shore in Canada's Nunavut during the final days of your journey. This location will definitely delight you with its enormous cliffs, bird colonies, and fjords.

## THE ARCTIC - BAFFIN BAY SECRETS | LE BOREAL

### DAY 1: Paris to Kangerlussuaq

Take the chartered flight from Paris to Kangerlussuaq. Embarkation will be from 4:00 PM to 5:00 PM with departure at 7:00 PM. From 1941 to 1992, the town of Kangerlussuaq in Greenland was home to an American military base. Nowadays, thanks to its international airport, it has become a transit point for travellers seeking adventure in the Far North. Located to the north of the Arctic Circle, this town is the starting point of magnificent discoveries surrounded by unspoiled nature. Indeed, just a few dozen kilometres from there it is possible to get close to the Greenland ice sheet, the largest body of ice in the Northern Hemisphere. From Kangerlussuaq, admire also the superb landscapes of tundra in autumnal colours, where Arctic hares, musk oxen, Arctic foxes, reindeer, falcons and eagles live.

### DAY 2: Sisimiut

During your cruise, we invite you to discover Sisimiut, founded in 1756 and the second largest town in Greenland. This small town is typical of Greenland, boasting bewitching panoramas: here and there, colourful stilt houses dot the undulating landscape, and the small fishing port stands as the gateway to an icy realm. As for the town centre, it is home to a number of historic buildings, a small church and a museum which retraces the history of the Inuit people, as well as many craft shops. When your ship drops anchor here, you will set out to meet the locals in a typically arctic atmosphere.

### DAY 3: Disko Bay

To the east of Baffin Bay, discover Disko Bay, scattered with countless icebergs produced by the Ilulissat Icefjord, a UNESCO World Heritage Site. From your ship, admire the majestic ballet of these ice giants as they slowly drift across the dark waters. This site is a natural marvel of Greenland, and is also renowned as an observation point for the region's many humpback whales. The encounters with wild fauna and stunning landscapes in the heart of this spectacular and fragile nature will be pure moments of wonder for you.

## THE ARCTIC - BAFFIN BAY SECRETS | LE BOREAL

### DAY 4: Eqi Glacier

'The most beautiful place in the Arctic' is how Paul-Émile Victor described Greenland, a land of great icebergs and of towering ice formations calved by the giant glaciers of the polar ice cap. The Eqi Glacier is one of the region's most impressive sights. Here, the silence is broken only by the roaring and cracking of the ice. It is impossible to know if one is shivering from cold or from the sheer thrill of being here... Imagine the vast outline of a glacier, its translucent crystals glowing with an ice-blue fire in the sunlight. Paul-Émile Victor's shelter cannot be overlooked; it was from here that the French Polar Expeditions' anthropological and geographic explorations set off in the 1950s.

### DAY 5: Akulleq

In the curve of Uummannaq Bay, opposite a narrow passage between two islands, you will discover the moonscape of the small desert island of Akulleq. The ochre yellow and orange of this mineral site look ablaze under the sunshine of the polar summer. From the island's summit you will be able to contemplate a panoramic view of the bay's magical landscape and its huge icebergs with surprising shapes.

### DAY 6: Kullorsuaq

Well beyond the Arctic Circle, in the majestic landscapes of Greenland's Northwest, you will find the village of Kullorsuaq, the last bastion of Greenland's traditional hunters. Here is where you will find Greenland's true character... Vast mineral expanses, sumptuous mountains, impressive glaciers and, above all, the local population which still lives off fishing and seal or bear hunting. Hospitality and respect for nature are essential elements in the daily lives of these men, who live an austere life. When we drop anchor in this remote part of the world, set off to discover these friendly people who are also talented craftsmen, deftly sewing the furs and skins of marine mammals. This will be a unique and authentic experience.

## DAY 7: Savissivik

Some places in this world are so magical that their beauty cannot be described in words... Savissivik, a small Inuit village with less than a hundred inhabitants, is one such place. Rightly considered to be the biggest iceberg graveyard in Greenland, it is a stunning sight to behold. During your zodiac outing, you will sail between these icy giants. Once on land, you can hike to a viewpoint from which to enjoy breathtaking views over these icebergs, which come in an incredibly diverse range of shapes and colours. Photographers will love it. Savissivik Bay attracts many bears and is also known for having been the home of one of the world’s biggest meteorites, but the latter has now been moved to a museum in New York.

## DAY 8: Pond Inlet, Nunavut

On Baffin Island, located in northern Canada at the mouth of the famous NorthWest Passage, there is a small Inuit settlement at the very bounds of infinity. To get there, cross the Arctic Circle, the imaginary line that separates man from lands of mystery and wonder. It’s not so much the way of life that sets Pond Inlet’s inhabitants apart, so much as the setting. Snow-capped mountains, fjords and glaciers combine in a dazzling natural environment that fills space and expands time. Some discoveries change you forever: this is one of them.

## DAY 9: Icy Arm Fjord

The east coast of Baffin Island is a real lacework of fjords. Among them, in the north, is the spectacular Icy Arm fjord. As you sail these parts, you’ll be dazzled by the immense cliffs that are sometimes over 1,000 metres high. This is a paradise for base jumping (parachute jumping from the top of the cliffs). During your stop here, you will have the opportunity to hike at the feet of these mountains and within the glacial valleys. Keep your eyes open when you get back on your boat: you’ll probably get the chance to observe marine mammals, such as whales, orcas and even narwhals.

### DAY 10: Sam Ford Fjord

All around you is a raw landscape of spectacular beauty. Nothing seems to want to disturb the silence. You are in the Sam Ford Fjord, on the east coast of Baffin Island. Located only a few kilometres away from the Inuit community of Clyde River, this fjord has the kind of world's end appearance that only the Arctic lands can offer. From your ship, allow yourself to be dazzled by the series of vertiginous cliffs plunging into the waters of the fjord. These impressively high walls of rock, known worldwide to climbing enthusiasts, are reflected in the waters of the fjord, as though to completely shift perspectives and blur the lines between land and sea.

### DAY 11: Isabella Bay, Ninginganiq Wildlife Area

Welcome to the kingdom of the cetaceans! Here, those who love the giants of the Arctic won't know where to look. Isabella Bay is in fact part of the Ninginganiq National Wildlife Area, one of the finest places to observe bowhead whales. From your ship, watch the sumptuous ballet performed by these impressive mammals. With undersea faults over 300 metres deep, Isabella Bay, located on the north-east coast of Baffin Island, attracts cetaceans which come here to feed. In addition to the bowhead whales, the uncontested stars of these parts, the Ninginganiq Wildlife Area is also home to ringed seals, narwhals, polar bears, king eiders, little auks and northern fulmars.

### DAY 12: At Sea

During your day at sea, make the most of the many services and activities on board. Treat yourself to a moment of relaxation in the spa or stay in shape in the fitness centre. Depending on the season, let yourself be tempted by the swimming pool or a spot of sunbathing. This day without a port of call will also be an opportunity to enjoy the conferences or shows proposed on board, to do some shopping in the boutique or to meet the PONANT photographers in their dedicated space. As for lovers of the open sea, they will be able to visit the ship's upper deck to admire the spectacle of the waves and perhaps be lucky enough to observe marine species. A truly enchanted interlude, combining comfort, rest and entertainment.

## DAY 13: Evighedsfjorden

Your ship glides slowly along the water towards the west coast of Greenland, to enter Evighedsfjorden, just a few kilometres south of Kangerlussuaq. Evighedsfjorden means “the fjord of Eternity”, and for good reason: just when you think you’ve reached the end of this stretch of sea measuring over 100 kilometres in length, it seems to go on forever, as though to bring even more pleasure to those sailing in it. The spectacular scenery ranges from glaciers to tundra with an abundant flora, and jagged cliffs where numerous bird species have taken up residence. Take the time to observe the white-tailed eagles and the colonies of seagulls and black-legged kittiwakes flying overhead in the area.

## DAY 14: Kangerlussuaq to Paris

You will wake up in Kangerlussuaq. You will disembark at 7:00 AM before boarding your chartered flight back to Paris. From 1941 to 1992, the town of Kangerlussuaq in Greenland was home to an American military base. Nowadays, thanks to its international airport, it has become a transit point for travellers seeking adventure in the Far North. Located to the north of the Arctic Circle, this town is the starting point of magnificent discoveries surrounded by unspoiled nature. ## SUSTAINABILITY

Being environmentally accountable is a crucial part of our organisation. Chimu is currently striving towards using less paper, taking several initiatives to do so and tracking our progress along the way. Our goal: A paperless organisation. For this reason, all information given to you will be sent electronically. We encourage those who choose to travel with us to support our aspirations and actions and ask that you reconsider printing out documentation. To view these documents, you can download them to your iPad or portable computer before and during your trip.

Chimu is passionate and dedicated to sustainability measures and understands the crucial part sustainability plays within the tourism industry.

We use local guides and office staff to both maximise local employment opportunities and minimise carbon footprint. Local guides also ensure you benefit from the intimate knowledge, passion and culture of the country you're visiting. Our guides are all highly qualified (most with university degrees) or equip with many years of experience and are paid above the standard wage. Whether it be our knowledgeable local guides, locally produced meals or the transport on tour, we do not use imported goods when local products are available. We aim to minimise our impact on the environment and give as much back as possible to the communities we work in.

## THE ARCTIC - BAFFIN BAY SECRETS | LE BOREAL

While visiting the many national parks, heritage sites, museums and landmarks our travellers are encouraged to explore whilst remaining culturally aware and sensitive. We further encourage you to buy appropriate souvenirs and discourage the buying of anything wrongfully made or taken from the environment i.e. shells and endangered species products. Information on how you can be environmentally conscious, and travel responsibly will be made available in our Travellers Guides and provided during your travels by guides and staff.

For more information on our sustainability policies, including how we are striving towards being a paperless organisation, click [HERE](#)
