DAY 4: Svalbard Archipelago - Day 3 to 11

Svalbard offers Arctic wilderness at its best. Our experienced expedition team, who have made countless journeys to this area, will use their expertise to design our day-to-day itinerary, choosing the best options based on the prevailing weather, sea-ice conditions and wildlife encounters. Phenomenal fjords, magnificent mountains ranges and a polar desert rich in fossils set the stage for heroic tales of early exploration. See walrus hauled-out on sea ice or on beaches. On land, stretch our legs on walks across tundra coming out in brightly-coloured wildflowers. We visit towering cliffs noisy with nesting guillemots and puffins, and scree slopes that hold Svalbard's largest little auk colonies. Most memorable are encounters with the majestic polar bear on pack ice. Your expedition team is just as keen as you to find them— they will be on constant watch to spot these inspiring creatures. If you have chosen an optional activity such as kayaking, you'll have the option to enjoy the activity when conditions allow. For those who are enthusiastic to participate in a polar plunge, as soon as conditions are suitable, you'll hear the announcement to prepare for an exhilarating plunge, a memory you'll savour for years to come.

Afterwards, transfer to the airport to continue your journey. At the conclusion of the voyage, we do not recommend booking flights departing prior to 12.00 pm on the day of disembarkation in case there are delays.
