Fly from Australia to Buenos Aires (via Santiago) and spend the night in this cosmopolitan city before flying to Ushuaia, nicknamed the end of the world! Once in Ushuaia, you will set sail in search of the giants of the Southern Ocean on this voyage of discovery to the spectacular frozen continent of Antarctica. Discover the raw, untouched beauty of the Great White Continent on this 11-day expedition to the Antarctic Peninsula. During this magical time, landscapes are at their most pristine as the thawing of sea ice invites you into an unspoiled polar wilderness. Keep your camera ready as you cruise in a Zodiac in search of whales, seals, seabirds and astounding icebergs displaying a palette of snow white and deep aquamarine. Watch penguins squabbling over pebbles for their nests as they begin to court and scan for Leopard seals on ice floes. While the *Ocean Endeavour* edges its way through the fractured ice, perhaps entering the narrow, sheer-sided Lemaire Channel, you are invited onto the bow as we follow the continent's inhabitants further south into the untouched snowscapes of pristine Antarctica.

After your cruise, you will fly back to Buenos Aires for a night before flying home to Australia.

ITINERARY

ANTARCTICA CRUISES FROM AUSTRALIA AND NEW ZEALAND - ALL INCLUSIVE FLIGHT PACKAGE | BEST OF ANTARCTICA: PRISTINE WILDERNESS | OCEAN ENDEAVOUR

DAY 1: Arrival in Buenos Aires

You will arrive in Argentina's cosmopolitan capital city, Buenos Aires. Known as the 'Paris of the South', Buenos Aires has a charming and alluring atmosphere. It features wide avenues lined with colonial buildings, fashionable shops and Parisian-style bakeries and cafés. The city is located on the western shore of the Río de la Plata and has many fascinating neighbourhoods to discover. Today is an arrival day and you are free to explore at your leisure.

DAY 2: Buenos Aires to Ushuaia

Today you will be transferred from your hotel to the airport and flight to Ushuaia, where your adventure begins. You will be transferred from the airport today and met by a representative who will be holding a sign with the ship's name on it. If you cannot locate the representative, please refer to your final itinerary for contact information. Ushuaia is nestled within the Tierra del Fuego archipelago, Ushuaia boasts many shops, museums, restaurants and cafes that you can enjoy before your voyage. This Argentine town is the ideal gateway for you to explore the southern extent of Patagonia while preparing for your adventure ahead. If you feel adventurous, the nearby Tierra del Fuego National Park offers plenty of outdoor activities.

DAY 3: Embarkation In Ushuaia

DAY 4: Drake Passage - Day 3 & 4

As we leave the Beagle Channel, prepare yourself for potentially rough seas as we enter the legendary Drake Passage. This infamous and unpredictable channel of water separates the southernmost tip of South America from the tip of the Antarctic Peninsula. It was named after the English explorer, Sir Frances Drake. As we head southwards, there is time to get to know your shipmates and get an insight into the excitement ahead with presentations from the Expedition Team on everything Antarctic - from the history and geology to the incredible wildlife. We will notice a drop in temperature as we cross the Antarctic Convergence and enter the waters of the Antarctic Ocean. At the Antarctic Convergence, the colder polar waters flowing north meet the warmer equatorial waters flowing south. This mixing pushes nutrient rich waters to the surface, attracting a variety of seabirds, whales and other species. Look out through the panoramic observation windows or brave the elements outside on deck as you keep your eyes peeled for albatrosses flying overhead, icebergs and maybe even breaching whales. Leaving the Antarctic Convergence in our wake, we continue south towards Antarctica, maybe making landfall by early evening on Day 4, if conditions are favourable. The first sighting of land always brings great excitement, and is often embraced as the true beginning of any Antarctic expedition.

DAY 6: South Shetlands and Antarctica - Day 5 to 8

For the next four days we explore the South Shetland Islands and Antarctic Peninsula that is famed for its majestic mountains, glaciers, imposing icebergs, ice-strewn waters and abundance of wildlife. The scenery, wildlife and serene silence of Antarctica will enchant and enthral and you will soon realise why this region has captivated the attention of explorers and travellers for centuries. Your days on the Antarctic Peninsula will form the core of your adventure. Every day will be different as we cruise by Zodiac amongst the beautifully sculpted icebergs and take Zodiac excursions from the ship to explore local bays, channels and landing sites. Unpredictable weather and ice conditions mean that the itinerary will be flexible, but will make the most of wildlife sightings, as we aim to explore penguin rookeries, seal and bird colonies, whale feeding areas as well as visiting sites of historic and scientific interest and climbing to vantage points for panoramic views. There is always something new or unexpected to see, with opportunities for kayaking, snowshoeing and photography with an expert, which means that your expedition will be a unique and personal experience and unlike any other. Enjoy the antics of thousands of curious penguins as you sit on a pebbled beach, scout for whales and seals as you cruise by Zodiac, visit a research base, listen out for the mighty crack of a calving glacier and maybe brave a polar plunge in the icy waters! As we cruise through the Peninsula, the lecture programme continues and sightseeing is at its most spectacular off the ship's outer decks. Enjoy the Ocean Endeavour's newly designed health and fitness features, with facilities that include a spa, His and Hers saunas, saltwater pool and gym plus yoga sessions.
