

THE GREATEST DAY | WHITE DESERT

INTRODUCTION

Come join us on the worlds most extraordinary day trip. Leaving Cape Town via an A340 (or similar) or private jet we soar over thousands of icebergs as we pass into 24 hours of continuous daylight. Landing on Wolf's Fang Runway deep in the interior of Antarctica, you will experience a landscape unlike anything else on earth and become one of the few that have ever stepped foot on the Seventh Continent.

Once on the ice your expert guides will lead you on a scenic hike to the base of a nearby mountain where you will enjoy a quaint picnic in undoubtedly one of the world's most unique locations. For the adventurous you are welcome to continue onwards to the summit over the mountains of the Wolf's Fang Range or engage in a simple biking or 4x4 safari drive. Come join us on the most unforgettable day trip on Earth.

THE GREATEST DAY | WHITE DESERT

DAY 1: Explore Antarctica in Luxury

For centuries, the Last Continent has held a special place in our imaginations, yet even now, long after the first explorers reached the South Pole, access to the interior of Antarctica is still only for the very few. After a five-hour flight from Cape Town, South Africa, we bring you into the heart of Antarctica, a place that is both surreal and majestic. From iridescent ice tunnels to vertical spires of rock, from endless uninhabited horizons to oceans scattered with icebergs, this is a place unlike anywhere else on Planet Earth. Established 15 years ago by record-breaking polar explorers, White Desert offers you an environmentally conscious choice for luxury and adventure, sensitive to the incredible environment and animals that surround us. Come with us on an unforgettable journey. Come explore. Our UIAGM-qualified mountain guides will lead you on a gentle hike to the base of a nearby mountain where we will host a picnic with views like no other. For the more daring, you'll be guided to the summit to look over the mountains of the Wolf's Fang range. Or if climbing isn't your thing, you're welcome to ride a fat bike on our specially prepared trails or go on a 4x4 safari drive.

SUSTAINABILITY

We appreciate that voyages to the Antarctic to have an impact on this pristine environment. In light of this, all our voyages are double carbon offset. In addition, we strive to eliminate as many single use plastics as possible from our supply chain. In choosing this voyage you are also supporting the fantastic work done by the Antarctic Science Foundation (ASF) and their work in understanding and protecting this unique destination. In addition all voyages support the Mawsons Huts Foundation (MHF). The MHF support the legacy of Sir Douglas Mawson, the legendary Antarctic explorer and scientist. As a member of IAATO we follow strict guidelines appointed by the Antarctic Treaty System to go above and beyond in support of minimizing negative impacts on this pristine landscape. We also encourage clients to look to book pre-and post-accommodation with us, where local businesses will be supported. Our clients also receive restaurant recommendations which support locally owned restaurants.

We carefully select all ships we work with and choose smaller sized vessels to create less impact. We use a highly regulated, licensed vessel which is well equipped to operate in the Antarctic's delicate ecosystem. We view the voyage to the Antarctic as an expedition, not a sightseeing trip. Smaller ships such as ours can navigate narrow waterways and are far less polluting than the larger ships in Antarctic waters. By carrying less passengers, we have far less waste. The waste is carried back to the home port to allow for environmentally conscious waste management and disposal.
