INTRODUCTION

Are you seeking even more adventure to go along with a trip to the white Continent of Antarctica? Get off the beaten track with a visit to the remote Errante Eco Lodge, located in Cabo de Hornos, close to the southernmost city in the world, Puerto Williams.

From Ushuaia you will take a boat across the channel to the Chilean side of Tierra del Fuego. On arrival transfer to Navarino Island, located on the edge of the Beagle Channel and settle into your lodge. The area where the lodge is located remains wild and unexplored. Enjoy nature activities including hiking, kayaking, biking, boating, fishing or horseback riding (some activities may incur an additional cost) and at the end of the day return to the ecolodge and relax with a beautiful view over the ocean.

At the end of your stay you will take a flight from Puerto Williams to Punta Arenas.

On this all-encompassing personalised itinerary, Chimu Adventures will provide travel logistics for your travel party for the duration of your journey, plus expert guides for all the major sightseeing as per itinerary. Each night you will stay in accommodation, handpicked by our experienced team for their creature comforts, convenient locations, and impeccable service.

CHILE - ERRANTE ECOLODGE EXTENSION

DAY 1: Arrive Errante Ecolodge

Today you will embark on an adventure across the Beagle Channel in a speedboat from Ushuaia to Puerto Navarino. Note: The boat transfer is strictly subject to weather conditions and we suggest you allow some flexibility in case of delays. In Puerto Navarino, you will be greeted by a representative who will arrange your transfer to Errante Ecolodge. Upon arrival at the lodge, you will receive a warm welcome and be shown to your room. Your host will then introduce you to the lodge and provide an overview of the activities available for the coming days. This afternoon, you will have the opportunity to either embark on a mountain bike tour, a city tour of Puerto Williams, or a visit to the Omora Ethnobotanical Park. Note: Errante Ecolodge does include most activities but may have a limited number of “extra cost” activities, which will be additional and paid locally.

DAY 2: Explore the surroundings

Today you will have the opportunity to choose one of the following activities: Wandering Kayak: Set off on a journey through the waters once navigated by the Yaganes, the indigenous people of Navarino Island. Departing from the Ecolodge, you'll head to the Beagle Channel, where, after a brief introduction, you'll paddle through the same waters once used for canoe navigation. Explore scenic spots like Caleta Paula and Virginia Bay, passing uninhabited beaches and stunning landscapes filled with wildlife, from birds to curious sea lions. Along the way, visit "Conchales," archaeological sites where the Yaganes camped, leaving behind precious food and tools that have been preserved for centuries. Hiking to La Bandera Hill: Start the day with a hearty Errante-style breakfast, followed by a brief technical talk before heading to the water intake. From there, we'll begin our trek to Cerro La Bandera. Along the way, you'll pass through native forests and stunning Magellanic landscapes, reaching the top where the large Chilean flag gives the hill its name. Continuing the hike, we'll approach the mountain range that inspired the Trekking of the Teeth of Navarino. After taking in the breathtaking views, we'll make our way back to the Ecolodge. Hiking Los Bronces Waterfall and Maku Lagoon: Take a family-friendly hike just 25 minutes from the Ecolodge, following the Los Bronces River through an ancient forest to a stunning 10-meter waterfall, which provides the purest water to the lodge. After taking in the waterfall's beauty, we'll continue for two more hours to reach Laguna Maku, surrounded by the Dientes de Navarino mountains and lush lenga, coigüe, and ñirre forests. It's the perfect spot to relax and enjoy a box lunch. Finally, we'll descend along the river back to the coast and return to the Ecolodge.
