With extra time to explore, you'll have even more chances to spot polar bears, seals stretched out on the ice, reindeer grazing in the distance, and flocks of seabirds overhead. The midnight sun lights your way as you travel deeper into this remote and rugged world where glaciers, icebergs, and nature are on full display to create memories of a lifetime.

### DAY 2: Spitsbergen - Days 2 to 10

Each day is planned to take advantage of local ice and weather conditions. Svalbard is one of the few places on the planet to offer such a plethora of natural and historical extravaganzas. Spend the next nine days exploring the remote polar regions. Visit ice-sculpted fjords with breathtaking mountain scenery, and glaciers crashing into the sea. Spend time exploring pack ice edges in search of polar bears hunting seals. At one or more of the stops, it's possible to encounter Svalbard's Arctic fox and the region's unique reindeer. Svalbard is one of the few places on the planet that offers such a wealth and diversity of natural and cultural history sites. During these nine days, visit ice covered seas, fjords with breathtaking mountain scenery, and glaciers flowing into the sea. Spend time moving through the ice in search of polar bears hunting seals. Ivory gulls will be a highlight for the birders. Keep a constant lookout for walrus hauled out on ice floes or on sandy beaches. Ice permitting, visit spectacular bird cliffs filled with thousands of murres (guillemots), as well as kittiwakes and glaucous gulls. Shore stops will be highlighted with tiny tundra flowers. The Expedition team will be on hand to answer any questions about this spectacular wilderness. Attend lectures hosted throughout the day on anything from local wildlife to the history and exploration of the Arctic.
