INTRODUCTION

Embark on the ultimate expedition to the farthest reaches of the planet. As we journey along the Antarctic Peninsula, our goal is to cross the legendary Antarctic Circle, a milestone few ever achieve. Encounter breaching whales, curious seals, and playful penguins amid towering ice and raw wilderness. Reaching 66Ű33'S is a true badge of adventure and a moment to celebrate!

ITINERARY

DAY 1: Arrive Ushuaia

After a friendly welcome at the airport and a transfer to your included hotel, take some time to unwind or explore the southernmost city in the world, Ushuaia. Our evening briefing is your opportunity to ask questions and meet some of your fellow explorers.

DAY 2: Embarkation

Spend your morning relaxing at the hotel, visiting a museum, or exploring the shops in Ushuaia, before our mid-afternoon escort to the ship. Our Expedition Team and ship staff will welcome you on board and get you settled in, followed by a safety and orientation briefing and our Captain's welcome dinner. We're on our way to Antarctica!

DAY 3: Drake Passage - Day 3 & 4

Join our Polar Experts as they share their vast knowledge of Antarctica, from its enchanting wildlife to its bold history. Participate in our pioneering Citizen Science program or sit back and take in this fabled journey while catching glimpses of rarely seen wildlife. Keep your binoculars handy to identify the many seabirds that escort our ship as we cross the Antarctic Convergence into Antarctica's waters and noticeably cooler temperatures.

DAY 5: A Toast to the Antarctic Circle - Days 5 to

Heading south across the Bransfield Strait, we begin to see the breathtaking outline of the Antarctic Peninsula. Wildlife sightings, including penguins, whales, and fur seals, become more frequent, as do dramatic sculptural icebergs. With an extra day to explore, possibilities abound. We'll look to visit historic sites like the huts at Damoy Point, keep an eye out for humpback whales in Wilhelmina Bay, and continue our twice-daily outings until we reach the crown jewel of this expedition, hoping to enter the jawdropping Lemaire Channel by New Year's Eve. Weather permitting, we'll cross the Antarctic Circle at 66°33'S, an achievement that will put you in rare company. We'll raise a glass of bubbly to celebrate the achievement, before heading onward toward any number of historic and rarely visited British Survey bases, after which we turn back north.

DAY 10: South Shetland Islands - Day 10

This archipelago represents the northernmost tip of Antarctica, standing proud against the relentless force of the Southern Ocean. The icecapped peaks of Livingstone, Greenwich, and King George Islands offer a stunning backdrop to explore. And despite the furious elements, the islands boast a remarkable richness of wildlife, with numerous colonies of Gentoo and Chinstrap Penguins dotting the island shores, accompanied by an array of formidable seabirds like the predatory Giant Petrels. Weather permitting, we'll explore the eerie landscape of Deception Island, an active volcanic crater with black steaming sands and rusting ruins, and immerse ourselves in the history of Yankee Harbour, once a vital anchorage for sealers.
