DEPARTURE	
14/09/2026, 15/09/2027	
DURATION	
16 Days	
LOCATIONS	
Iceland, Greenland & Canadian Arctic	

INTRODUCTION

This 16-day Arctic cruise combines scenic sailing with immersive exploration traveling from Iceland to Greenland and Canada's eastern coast. Visit isolated settlements like Tasiilaq and Hebron, view historical archaeological ruins such as Hvalsey and L'Anse aux Meadows, hike through rugged terrain of Canada's Gros Morne National Park, cruise in pristine waters with dramatic natural features including fjords, glaciers, and icebergs of Prince Christian Sound.

Daily zodiac excursions, guided hikes, cultural visits and onboard programming offer insight into the region's geology, Norse history, and indigenous cultures. Opportunities to spot whales in the Denmark Strait, seals and a large biodiversity of seabirds are some of the wildlife highlights. Keep your eyes open for more elusive Arctic wildlife like Polar bears, Arctic hares, fox, ptarmigan, caribou and musk ox.

*Itinerary is subject to change depending on weather and ice conditions.

ITINERARY

DAY 1: Reykjavik

Embark aboard the Expedition in the afternoon and depart Iceland in the late afternoon. Arrival transfer included.

Copyright Chimu Adventures. All rights reserved 2024. Chimu Adventures PTY LTD

THE ARCTIC - ACROSS THE NORTH ATLANTIC: ICELAND, GREENLAND & LABRADOR | MS EXPEDITION

DAY 2: Keflavik - Denmark Strait

Enjoy the lecture series while watching the seas for whales. Head away from Iceland and the steaming hot springs of Reykjavík. The view is often complemented by soaring fulmars, kittiwakes, gannets, guillemots, and razorbills.

DAY 3: Denmark Strait - Tasiilaq

Sail across the Denmark straight to Greenland today and into the largest town in East Greenland, Tasiilaq. Anchor near the village and board zodiacs to shore. Explore by foot and enjoy Tasiilaq's architecturally unique church, and the small but excellent museum. This town is a gateway to the gorgeous wilderness of the east with opportunities for hiking, kayaking, and experiencing traditional Inuit culture.

DAY 4: Southern Greenland - Day 4 to 7

Spend the next few days along the southern tip of Greenland. Start by sailing towards the Skjoldungen Fjords and its rugged, spectacular, lonesome scenery. There is very little human presence here with no current or recent settlement. Depending on weather, the group will take zodiacs to shore and visit the Qoornoq site, which are archaeological remains. Then, sail through Prince Christian Sound with its towering mountains, massive glaciers, and a variety of icebergs along the southernmost tip of Greenland. If possible, visit Aappilattoq, often referred to as "The Patagonia of the North" and one of the most remote settlements in the region nestled at the intersection of two long fjords. Next up, visit Hvalsey, a major viking settlement in Greenland established in the 10th century. The ruins are well-preserved and include the church, making it a fascinating place to explore Norse history.

DAY 8: Davis Strait - Day 8 & 9

The next two days consist of crossing the Davis Strait. This southern arm of the Arctic Ocean lies just north of the Labrador Sea. It can be found between mid-western Greenland and Baffin Island in Nunavut, Canada. The strait is named for the English explorer John Davis, who came to the area while seeking a Northwest Passage.

DAY 10: Newfoundland and Labrador - Day 10 to 13

Enjoy time sailing along the Newfoundland and Labrador coastline. Begin in Hebron, a former Inuit community on the Labrador coast and now a National Historic Site of Canada. Visit in the morning and see the abandoned Moravian mission and the northernmost settlement here. These sites offer a glimpse into Labrador's unique history, particularly the impact of the Moravian Church on Inuit culture and life. Travel onward via the ship to Hopedale which is the legislative capital of the Inuit Land Claims Area Nunatsiavut, and where the Nunatsiavut Assembly meets. The site has been recognized for its aesthetic, historic, and cultural value, representing a crucial part of Labrador's heritage. Sail further south to L'Anse aux Meadows, a UNESCO World Heritage Site and only authentic Norse site in North America. Witness the stunning scenery of Woody Point located on the edge of Bonne Bay with the Tablelands as its impressive backdrop. This is the gateway to Gros Morne National Park where there are lots of opportunities for hiking, kayaking, and wildlife viewing.

DAY 14: Woody Point & St. John's - Day 14 & 15

Enjoy time at sea aboard the ship between Woody Point and St. John’s, the capital of Newfoundland. It is one of the oldest and most easterly cities in North America and combines big-city with traditional small-town charm. Arrive sometime on the second day by sea and explore the city’s old streets, “candy row” houses, and take in the views of the Atlantic Ocean.
