

THE ARCTIC - JEWELS OF THE ARCTIC: NORTHBOUND | DOUGLAS MAWSON

INTRODUCTION

This voyage combines time in Svalbard and East Greenland, covering key Arctic regions known for varied landscapes and consistent wildlife sightings. You may encounter polar bears, walrus, ringed seals, musk oxen and reindeer, along with seabird colonies including guillemots and fulmars. Exploration takes place by ship, Zodiac and on foot, with visits to glacier fronts, bird cliffs, tundra and fjord systems. The open water crossings also provide opportunities to observe whales and seabirds.

In East Greenland, the itinerary includes sailing through Scoresbysund, which has large icebergs and an extensive fjord network, as well as a visit to the remote Inuit community of Ittoqqortoormiit. Landings allow for guided walks focused on wildlife, geology and seasonal vegetation. The schedule remains flexible so conditions can guide daily plans and maximise time ashore. Onboard, your experienced Expedition team will give presentations providing interesting information on Arctic ecology, geology and Inuit culture.

ITINERARY

DAY 1: Arrive in Reykjavik

Having made your way to Reykjavik, you will be met by a local representative and transferred to our group hotel. Upon arrival at your included hotel, please visit the hospitality desk to collect your luggage cabin tags and to speak with our ground operations team, who may have information to share with you about pre-embarkation or to provide you with information about where to dine, withdraw cash or purchase last minute items from a local pharmacy or supermarket. The remainder of your time is at leisure. All meals today are at your own expense. Accommodation: The Grand Hotel Reykjavik.

DAY 2: Embarkation

Today we follow the path of one of Reykjavik’s most popular seismic attractions - the Golden Circle. Stops along our route include Thingvellir National Park, accredited as the site of Iceland’s first parliament. A shaky start to the new nation, it is also the point where the Eurasia and North American tectonic plates meet as an open fissure. Our next stop is Gullfoss waterfall. This impressive water feature tumbles 34 meters into the Hvítá River, offering a popular photographic opportunity. Next we explore the geothermal fields and geysir’s for which Iceland is famous. The variety of hot springs and bubbling pools are mesmerising as the sheer capacity of water and steam erupting from the ground makes you ponder just how much power is beneath your feet. Late afternoon we return to Reykjavik to board the Greg Mortimer. After boarding, there’s time to settle into your cabin before our important safety briefings before we ‘throw the lines’ to begin our Greenland adventure. This evening, meet your expedition team and crew at the Welcome Dinner.

DAY 3: Denmark Strait

In the Denmark Strait, we cruise towards Greenland. We will be on the lookout for whale blows and the many seabirds that trail our ship, riding in the constant winds. In our lecture theatre, enjoy informative and entertaining presentations from our experts on topics such as seabirds, wildlife and ice, or catch up on some rest after busy days of travel.

DAY 4: East Greenland - Days 4 to 9

In the coming days, a host of choices are available to us, and depending on ice and weather conditions, the east coast of Greenland is ours to explore. Our experienced Expedition Team, who have made countless journeys to this area, will use their expertise to tailor our itinerary on a day-to-day basis. This allows us to make best use of the prevailing weather, ice conditions and encounters with wildlife. We generally attempt up to two landings or Zodiac excursions per day, including cruising along spectacular ice cliffs, following whales feeding near the surface. Be prepared to experience ice - and lots of it! East Greenland contains some of the Arctic's most impressive scenery. Deep fjords and narrow channels, flanked by sharp ice-clad peaks soaring up to 2,000 metres (6,562 feet), and glaciers birthing gigantic icebergs that drift throughout the fjord system, combine to create breathtaking scenes. The tundra landscape is home to musk oxen, arctic hare and reindeer. Throughout the area there are ancient Thule archaeological sites, historical trappers' huts, and the cabins of present-day Inuit hunters. A highlight is a visit to the Inuit village of Ittoqqortoormiit, the most isolated and northernmost permanent settlement in the region, with approximately 450 inhabitants. The community has an excellent museum, gift shop, an abundance of Greenlandic sled dogs and provides the opportunity to meet the friendly locals. We hope to explore Scoresbysund, the world's largest fjord and a favourite hunting ground of the local Inuit. Massive glaciers flow into this fjord, the birthplace of hundreds of majestic Greenland icebergs. It is a spectacular place that simply needs to be seen to be believed. North of Scoresbysund lie Kong Oskar and Kaiser Franz Josef fjords, two of the most significant fjord systems in Greenland, each one encompassing several smaller fjords and sounds. Thanks to the fertile volcanic soil and the surrounding mountains offering protection from strong winds, the area is rich in wildlife. You may spot everything from musk ox and arctic foxes to mountain hares, and even reindeer, near the fjord. Look skyward and you could catch a glimpse of birds, including the glaucous gull, black-legged kittiwake, northern fulmar, common raven and common eider. We will attempt to enter Kaiser Franz Josef Fjord, a remote and rarely visited fjord system with countless opportunities for exploration, located within the Northeast Greenland National Park. Cruising through Kong Oskar Fjord, we marvel at the geological beauty of the mountains. We will then head south along the coast of Liverpool Land, with our passage dependent on ice conditions. We stretch our legs on hikes across tundra in search of ancient graveyards and summer villages occupied 3,000 years ago by Inuit. We may see musk ox, arctic hare and reindeer grazing. The maze of calm, interconnecting waterways in this area provides excellent opportunities for sea kayaking. We will see ring seals, perhaps catch a glimpse of the elusive narwhal, and maybe even a polar bear hunting on pack ice.

DAY 10: Greenland Sea - Days 10 & 11

As we sail away from the coast of East Greenland, we may encounter whales feeding in the rich waters of the north. Be prepared to encounter more pack ice and perhaps spot seals and a variety of seabirds, including the northern fulmar and Brünnich’s guillemot. The strong, icy currents have isolated East Greenland from the Polar Basin, attracting large numbers of fish, seals and whales. Climatic conditions and the concentration of ice in the vicinity often create thick morning fog that only vanishes in presence of the midday sun. Our experts will inform and entertain us with fascinating discussions on plants, animals, ice and heroic tales of exploration.

DAY 12: Svalbard - Days 12 to 14

Svalbard offers arctic wilderness at its best. The members of our experienced Expedition Team, who have made countless journeys to this area, will use their expertise to tailor our itinerary, choosing the best options based on the prevailing weather, sea-ice conditions and opportunities for wildlife encounters. Phenomenal fjords, magnificent mountain ranges, and a polar desert rich in fossils set the stage for heroic tales of early exploration. See walrus hauled-out on sea ice or on beaches. On land, we stretch our legs on walks across tundra carpeted in brightly coloured wildflowers. We visit towering cliffs noisy with nesting guillemots and puffins, and scree slopes that hold Svalbard’s largest little auk colonies. If you have chosen an optional activity such as kayaking, you will have an opportunity to enjoy that activity when conditions allow. For those who are enthusiastic to participate in a polar plunge, as soon as conditions are suitable, you will hear the announcement to prepare for an exhilarating dip - a memory you will savour for years to come.

DAY 15: Disembark Longyearbyen

During the early morning we cruise back into Longyearbyen. Farewell your Expedition Team upon disembarkation before transferring to the airport for our charter flight to Oslo. Note: The arrival time in Oslo is contingent on the approved allocated flight slot of our charter flight to Longyearbyen, which we expect to receive in February 2026. We highly recommend staying an additional night in Oslo (own cost). Cruise itinerary is subject to change depending on weather conditions, ice conditions and other factors.

INCLUSIONS & DETAILS

Accommodation

Hotel & Cabin on board a ship

INCLUSIONS

All transfers as mentioned in the itinerary
 One night's hotel accommodation including breakfast, in Reykjavik on Day 1
 Visit Iceland's famous Golden Circle prior to embarkation, on Day 2
 Charter flight from Longyearbyen to Oslo on Day 15
 On-board accommodation during voyage including daily cabin service
 All meals, snacks, tea and coffee during voyage
 Beer, house wine and soft drinks with dinner
 Captain's Farewell reception including four-course dinner, house cocktails, house beer and wine, non-alcoholic beverages
 All shore excursions and Zodiac cruises
 Educational lectures and guiding services provided by Expedition Team
 Complimentary access to onboard expedition doctor and medical clinic (initial consultation)
 One 3-in-1 waterproof polar expedition jacket
 Complimentary use of Muck Boots during the voyage
 Comprehensive pre-departure information
 Port surcharges, permits and landing fees
 Wi-Fi. Please note we travel to remote regions and therefore the connection can be unreliable.

Inclusions

EXCLUSIONS

International or domestic flights - unless specified in itinerary
 Transfers - unless specified in itinerary
 Airport arrival or departure taxes
 Passport, visa, reciprocity and vaccination fees and charges
 Travel insurance or emergency evacuation charges
 Hotels and meals - unless specified in the itinerary
 Optional excursions and optional activity surcharges
 All items of a personal nature, including but not limited to alcoholic beverages and soft drinks (outside of dinner service), laundry services, personal clothing, medical expenses, wi-fi, email or phone charges
 Gratuities for ship's crew - *(A \$15 USD per person per day gratuity for the crew is automatically added to your onboard account. It is at your discretion if you would like to remove the tip (or adjust the amount) when you settle your bill. It is not necessary to tip the expedition team members. This gratuity amount is included for suites as part of their 'Suite Benefits'.)*
